

New Budget For Venice Schools Up \$35,000

**Tentative Total For
1962-63 Fiscal Year
Is Set At \$809,000**

Over \$800,000 may be spent on Venice public schools in the 1962-63 year, school board members indicated in a preliminary meeting held last night.

The figure compares with \$698,854 actual spending and a \$774,085 budget in the 1961-62 year just ended. Final action on the new appropriation will follow a public hearing at 7 p.m. Monday, Aug. 20.

The proposed \$809,000 budget increase includes \$10,986 more for instructional costs, \$8052 more for educational equipment and \$7679 more for transportation.

Sup. John O. Pier submitted the tentative budget, listing estimated receipts of \$855,570, or \$46,719 more than budgeted for last year. The appropriation is subject to revision by the board before final adoption.

The document will be available for public inspection after 9 a.m. tomorrow at the school board office, Pier said. Monday night's session and the Aug. 20 gathering are special meetings for the board, which meet monthly on the first Monday.

92% Collection
Pier said the board estimated tax income is based on 92% of the district's tax levy. He said figures allowing for an 8% loss in the past have proved fairly accurate.

Estimated educational fund income includes \$809,000 from Venice township loanable fund, which is to be distributed under recent state legislation. Austin Lewis, school board attorney, recommended that the figure be deleted from the budget before final approval.

"We have no idea how much we eventually will get," Lewis said, "nor when we will get it."

Departmental Totals
A breakdown of the tentative departmental totals, which increases or decreases as compared to last year's budget, is as follows:

Nameoki Twp. To Seek Sewer Study Funds In Month

Data has been submitted to the engineering firm of H. W. Lochner by Nameoki township Supervisor Harry Briggs in preparation for making application for federal funds. The money would be used to finance a study for possible installation of sanitary sewers in the township.

Such applications are made to the Housing and Home Finance Agency in Chicago. The agency sees fit, an advance loan is made to undertake a complete study.

If the study proves the plan to be feasible and the system is built, the loan must be repaid. The loan need not be repaid.

Scope Undetermined
Briggs said today that at the moment he has no idea how extensive the proposed sewer system should be. The study, if made, will tell that.

"I am hoping it will be feasible to run lines to all areas," he said, "but at this point I just don't know."

Such a sewer system probably would be paid for by revenue bonds, he added.

Financial and population information will be sent to housing authorities. Included will be assessed valuation, tax base, and population figures. A copy of the last township audit, Affects 15,000

Assessed valuation of the township is approximately \$28,000,000. Population of the township is approximately 15,000 and 16,000, Briggs estimated.

"We are trying to straighten out the figures," he said. "The 1960 census listed us as having 23,400 people, but that included persons living in old portions of the township that have been annexed to Granite City. The error has been pointed out by the Illinois State Bureau, but we have had no action yet."

There are only two other townships in the area, he said. (Continued on Page 22, Col. 4.)

Rev. Hay, Local Rector Emeritus, Dies In East

The Rev. William MacDougal Hay, rector emeritus of St. Bartholomew's Episcopal Church, Granite City, died after a short illness Wednesday at Bridgeport, Conn.

He was vicar of St. Bartholomew's Church from 1942 until his retirement in 1951. At Bridgeport, he had charge of St. Thomas's, Glen Carbon, St. Andrew's, Edwardsville, and St. Gabriel's, Wood River.

He was born in Canada, Aug. 1883, the son of the Rev. William Hay and Anna Katherine Hay. He graduated from Middlebury College in Vermont, N. Y., received his A.B. degree from Queen's University, Kingston, Ontario, 1905, and graduated from the theological school of that university in 1908.

He was ordained in the Anglican Church of Canada, and served there until he came to the United States in 1910 to be rector of Christ Church, Bridgeport, Conn.

In 1909 he was married to Eleanor Ford, who died in 1940 while they lived in Granite City. Upon his retirement in 1951, Fr. Hay went to live near his daughters in Connecticut, and as long as he was able, assisted at Trinity Church, Bridgeport.

During his time in Granite City, a new section was built to the church and other significant improvements were made. In 1959, he was elected rector emeritus by St. Bartholomew's vestry.

Rev. Hay is survived by a son, Frank of Vancouver, B. C., Canada; two daughters, Mrs. Frank (Eleanor) Niska of Bridgeport, Conn., and Mrs. William (Jean) W. of St. Louis.

Drainage Plan Calls For All To Pay Their Fair Share
Industries, businesses, offices, schools and churches would share with householders the cost of the \$10,000,000 revenue bond issue for pollution abatement and drainage in Granite City.

An advance survey, compiled by the Citizens' Sewer and Drainage committee, lists 1147 residential units in the city that would be paying the minimum average monthly charge of \$3.25.

The revenue bond issue is to be repaid by a water metering system. Each water meter is to be considered a separate billing unit. The city and to cover industries or businesses operating with wells, the city will require meters to be installed.

The monthly charge is to be based on water bills of the Eastern waste has a suspended solids content in excess of 400 parts per million, to be determined by tests conducted or supervised by the city.

Madison Schools To Spend \$7,60,000

**Higher Instruction
Costs Offset By End
Of Building Project**

A yearly appropriation totaling \$11,160,559—up \$7492 from the 1961-62 budget—was adopted in tentative form by the Madison school board Tuesday night.

Increased education and bond costs and reduced spending for construction were listed by the board, which plans to adopt tax levies totaling \$457,580 when it takes final action on the 1962-63 budget following a public hearing at 7:30 p.m. Tuesday, Aug. 21.

Proposed tax levies consist of \$481,000 for education, \$102,236 for bonds and interest, \$3400 for the building fund, \$15,500 for the retirement fund, \$6400 for the retirement fund, \$2436 for retirement, up \$2436 for a bond and interest deficit, due to construction losses and costs.

**GC City Budget
Being Revised;
Adopt Next Week**

Ending its meeting Monday night in less than an hour and a half, the city council of Granite City deferred action on several major items of business, including final adoption of its 1962-63 budget.

The council had placed a \$1,715,715 budget on final reading last week, and had planned to adopt it this week. However, some additions are to be made and the amounts have not yet been agreed upon. Action will be mandatory at next Monday's council session.

Alderman Charles Meyer, ordinance committee chairman, presented the budget for action and suggested that any amendments be submitted prior to the vote on adoption.

Alderman Rufus McLester said the council's "action" on the budget was a "re-reading" of the budget for remodeling of the police station, and it is planned to add to the street allocation and possibly other sections of the budget.

A \$15,000 special remodeling program and several several other proposals were omitted from the budget on final reading as council members stressed the need for economy. Last year's budget was \$1,800,649, and a figure higher than the \$1,715,715 is expected to be listed when the new appropriation is adopted.

The council also failed to take up revision of list stations for Aubrey and St. Clair avenues. Chief William Peters gave the following explanation of the new traffic control program: "The new manual is now in force, although some of the changes are phased over a three-year period."

Copies of the federal manual that the council is about to adopt a new city budget and suggested that funds be included for a full traffic survey. The budget is to be adopted at next Monday's council session.

Depot To Mark 20th Year With Picnic Saturday

Granite City's Engineer Depot on Saturday will celebrate its 20th anniversary with an all-day picnic at the Chain of Rocks park, St. Louis.

Features of the day will include games, rides, dancing and coronation of the new Depot queen, who will reign for one year.

Throughout the afternoon, a crowd estimated at 2500 Depot employees and their families will participate in such games as sack racing, a piggy contest, horseshoes, a putt contest, golf games and a treasure hunt. Winners will receive cash prizes.

Coronation In Evening
A highlight of the annual event will be the queen coronation at 6:30 p.m. Six candidates will be introduced, and the winner will be crowned by the Depot director, Mrs. Barbara Lynn.

Col. John M. Ansel, Depot commander, will escort the new queen and present closing remarks after the ceremony.

All candidates for Depot queen will be selected or nominated by civilian employees and military personnel. Basis of selection will be the number of picnic tickets sold by the winner, whose name will be kept secret until the coronation.

The queen will receive a \$50 savings bond and a living clock. The five runners-up each will receive \$25 savings bond and a small living clock.

Candidates for queen are from the Quading City area with the exception of Miss Lorna Smith, a new resident in Granite City.

Miss Smith, 1415 Niddering avenue, is sponsored by Property Disposal Branch. She is 18 years old and her hobbies, including skating, swimming, bowling, movies and reading.

Miss Connie Mackay, 1910, 1827 Edwardsville road, Madison, is sponsored by Storage Division. Her hobbies are dancing, singing, and her hobbies, including skating, swimming, bowling, movies and reading.

Warnings To Minors

In Madison Taverns

Signs have gone up in all Madison taverns warning minors of legal age requirements for purchase of liquor. Police Chief Barney Fraundorf said yesterday.

Fraundorf said the police department placed the signs in approximately 40 Madison establishments this week by order of the city liquor control commission.

The warning signs emphasize the recent change in the legal age at which women may purchase liquor. The age, now 21, the same as for men, previously was 18 for women. The change was enacted by the state legislature last year.

Text of the notice, signed by Stephen Meers, Madison mayor and liquor control commissioner, is as follows:

"Warning to minors: It is a violation of the law for you to purchase or to be served alcoholic liquor or alcoholic beverages of any kind, or to falsify your age to obtain same.

"Proof of age must be furnished when demanded — 21 years for females, 21 years for males.

"The ordinances of the city of Madison and the laws of the state of Illinois relating to the sale and serving of intoxicating liquor and beverages to minors will be strictly enforced, and offenders will be punished by a fine up to \$200."

Samuel Allen, Former Resident, Dies At 86

Samuel Allen, 86, the father of a Granite Cityan, Mrs. Gerald Fitzpatrick, and a former local resident, died at 11:30 p.m. Monday in Union County Hospital, Anna, Ill.

Capacity Of Dow Extrusion Press Now Highest In World

Rated capacity of the heavy hydraulic extrusion press operated by the Dow Metal Products Co., a division of the Dow Chemical Co., has been increased from 13,200 to 14,000 tons, making it second to none in the free world, the firm announced today.

The pressure increase, though modest, can be very significant in cases where designers require shapes that are near the limits of press capabilities, a spokesman said. This applies to large and complex or wide and thin sections, particularly in the high-strength aluminum alloys.

Long Study

Dow, after an extensive investigation with Hydraulik GmbH, builder of the press, and with the concurrence of the Air Force's Aeronautical System Division, concluded on the basis of an engineering study—that an additional 800 tons of pressure from the accumulator system could be applied to the press.

The press is capable of extruding aluminum and magnesium sections in circumscribing circle sizes corresponding to a variety of different container sizes, ranging from 16 to 32 inches, and in lengths up to 80 feet.

During its first five years of operation, it has extruded a great variety of shapes—such as wing panels for the B-52, missile body panels, armored vehicle components, large tubing, trailer flooring, stepped extrusions and ribbed tubing—from soft as

well as high-strength aluminum and magnesium alloys.

Airplane Wing Project

The increase in capacity of 14,000 tons has enabled Dow to produce a B-52 wing panel—considerably increased in area and requiring much longer billets—which would have been extremely difficult to extrude with the original 13,200-ton pressure.

The heavy press has been in operation at Dow's Madison plant since 1957. Built in Germany during world war II, it was purchased from its German owners by the U. S. Air Force in 1953 and leased to Dow.

Only two other extrusion presses in the free world equal it in rated capacity. The new development puts the local press ahead of them.

Furniture Stores Approve 3-Year Teamsters Pact

Local furniture store owners Monday afternoon approved a new three-year contract with Teamsters Local 525 granting pay hikes amounting to 42½ cents an hour over three years for drivers and 40 cents for helpers, warehousemen and shipping clerks. The terms were approved previously by the local.

The new agreement increases drivers' pay from \$2.42½ an hour to \$2.57½, retroactive to May 1 when the old contract expired. The rate will be increased to \$2.61 Oct. 1, \$2.71 next May 1, \$2.75 Oct. 1, 1963, and \$2.85 May 1, 1964.

Wages of helpers, warehousemen and shipping clerks, who received \$2.35 under the old contract, are increased to \$2.50 effective May 1, 1962. The new pact gives them pay raises to \$2.52, \$2.62, \$2.65 and \$2.75, on the same dates as drivers' increases.

In addition to the pay hikes, the new contract grants three days sick leave, jury duty allowance and increased funeral leave allowances. The employer will pay the chauffeur's license fee, three weeks vacation will be allowed after 10 years instead of after 12, and Good Friday will replace Veterans' Day as a paid holiday.

Local furniture stores affected by the new contract are H. & R. Friedman, Perdue, F. R. E. dman Bros., Steinberg, Franklin Union and Gen. Approximately 18 local employees are covered by the agreement.

Katherine Kinder Dies After Month's Illness

Mrs. Katherine Kinder, 73, died at 6 p.m. Tuesday at St. Elizabeth Hospital, where she had been a patient one day. She had been in a nursing home for several days following a paralytic stroke.

She resided with her son-in-law and daughter, Mr. and Mrs. Ira Hill, 4831 Warnock avenue. Mrs. Kinder had moved to Granite City approximately 15 years ago from Venice, her birthplace. Her husband, Harry, died 44 years ago.

She is survived by a daughter, Mrs. Ira (Helen) Hill; two brothers, Charles and William Boelling, Venice; a sister, Mrs. Margaret Achors, Venice; four grandchildren and four great-grandchildren.

Further information is given in today's obituary column.

Mrs. Mary L. Rowden Dies; Lifelong Resident

Mrs. Mary Lillian Rowden, 77, died of a heart ailment at 11 a.m. Tuesday at the home of her son, Albert Rowden, 2905 Madison avenue, with whom she made her home. She had been ill for ten days.

A lifelong resident of the Quad-City area, she was born in Venice. She was preceded in death by her husband, Allen C. Rowden.

In addition to her son, she is survived by five daughters, Mrs. Robert (Doris) Phillips, Belleville, Mrs. John (Eugenia) Fleming, St. Louis, and Mrs. Clarence (Betty) Sorenson, Mrs. Bowman (Vivian) Meadows and Miss Farrell Rowden, all of Granite City; three brothers, Leo, Joseph and Henry Smith, Granite City; a sister, Mrs. John (Belle) Clemens, Madison; 16 grandchildren and five great-grandchildren.

Further information is given in the obituary column.

Services In Altos For James Henderson

Services were held Wednesday at an Altos funeral home for James Henderson, 77, a resident of Granite City 40 years ago. Henderson died Monday at Villa Terrace Convalescent Home, Altos, where he had lived for seven years. Burial was in Valhalla Memorial Park, Altos.

His wife, Mayne Gardner Henderson, died in 1954. He had retired in 1938 after 30 years as a machinist with an Altos firm.

If a man expects to reach the top of the ladder he must figure on working lots of overtime.

Wortman, Moore Appeal Federal Tax Convictions

Rackets boss Frank "Buster" Wortman and a Wortman associate, George "Red" Moore, have filed notice of appeal from convictions for evasion of federal income tax payments. The notice was filed Tuesday in East St. Louis Federal Court and was forwarded to the U. S. Court of Appeals in Chicago.

Earlier Tuesday, Federal Court Judge William G. Jurgens had sentenced both to five-year prison terms and imposed \$10,000 fines, maximum penalties under the law. Jurgens denied requests for probation made following sentencing.

Both Wortman and Moore are free on bond. Wortman's in the amount of \$42,500, posted by the wife of his brother, Edward "Red" Wortman.

Funeral Tuesday For Mrs. Kieffer

Services were held yesterday afternoon at a Wood River funeral home for Mrs. Corinne Kieffer, 65, a former Granite City resident. Burial was in Union Hill cemetery.

She died at 5:30 a.m. Sunday in an Altos hospital. Before she moved to Altos 22 years ago, Mrs. Kieffer had been employed at the Hub Drug Store, Granite City.

**\$150,000 Suit Based
On Bridge Mishap**

Co-defendants in a \$150,000 suit filed in circuit court this week are the city of Venice, City of St. Louis and Millstone Construction Co., East St. Louis.

Action was brought by Laura Howard for an accident in July 1960 in which she was injured. Each co-defendant is named twice in separate counts for \$150,000.

The plaintiff complains that there was a steeply-sloped, unbaricaded excavation opposite the west approach to McKinnon Bridge. She says her westbound car stalled on the bridge.

When bridge attendants tried to push it, the auto went out of control and ran into the excavation. While it was out of control, the plaintiff was being dragged over the approach and the car landed on her in the excavation, she reports.

She charges each of the defendants with negligence for failure to warn her of dangerous conditions and for failure to erect barricades, claiming she will be lame for the rest of her life, and that she has been obligated to pay large medical expenses.

GC Man Suffers Burns

Richard Powderly, 27, of 3802 Kirkpatrick Homes suffered burns on his left arm and left leg Wednesday afternoon when gasoline that he was washing a car with ignited from a water heater. He had been using gasoline to clean his auto. He was treated at St. Elizabeth Hospital and released.

Water Firm Lists Revised Rates At ICC Hearing

(Special from Springfield)

There is a major development in the three-day water rate hearing concluding here today before the Illinois Commerce Commission. It is the possibility that submission of a revised rate schedule by the East St. Louis and Interurban Water Co. could result in dismissal of the company's case.

Jacob Wankmuller, Richmond, Ind., vice-president of the company, recalled for re-direct examination by Charles Bane, counsel for the company Tuesday, placed the revised schedule in the record under questioning by Bane.

He testified that since the hearings had begun, he found it necessary to offer the revised rate schedule.

Would Reduce Some Costs
Overall effect of the changes would be to reduce the amount to be charged company customers in the high elevation area and in the low elevation area users, should the rate raise be allowed by the commission.

He testified that the testimony brought forth a storm of objections from attorneys for intervenors in the area, and large and small water users.

They argued before Examiner Martin J. Dolan that the testimony by Wankmuller of a revision and substitution of rates during the pendency of a hearing presented an entirely new case.

They made formal objections to proceeding further with the case until the commission makes a ruling on legality of substituting a revised schedule.

Company attorneys argued that there are ample provisions in the law to support the theory that substitution is permissible under the law, and said it has been done in other cases.

To Seek Ruling
Dolan ruled that the hearing proceed without prejudice to the rights of the objectors, and announced he would seek a ruling when the ICC meets in Chicago July 23.

He said that if the commission supports the objectors, the company will have to file an entirely new application and start over with the hearing.

The present case has been before the commission since last February, when the city of East St. Louis sought a 30-year water franchise.

Randall Robertson, Granite City attorney for the intervenor water users, objected to Mr. Wankmuller's testimony on the grounds that the city ordinance providing for the franchise specifically provided that the amount paid should never be presented by the company in a rate-making case before the commission. The objection was overruled by the examiner, and the testimony was allowed to stand.

It was brought out in cross-examination of Kerr, that an exchange of pipe between the U. S. Corps of Engineers and the company gave the latter a profit of \$36,000 which was paid to the city of East St. Louis.

Robertson sought to bring out that this amount should have been listed in the application as a "contribution" not as equipment surplus. The government pipe was valued at \$502,000 and the company's old pipe at \$84,000.

Hearings Resume Monday
Cross examination of Kerr and Charles G. Schneider, engineering consultant for the company, was completed today.

The hearings will be resumed at 1:30 p.m. Monday.

Other hearings are scheduled for Aug. 8 and 9, unless stayed by a ruling of the commission on the revised rate schedule.

Community Swim For Youngsters At YMCA

The first session of a weekly neighborhood swim program will be held at the YMCA Saturday from 11:30 a.m. until 1 p.m., according to Roy Walker of the boys' department.
Open to youngsters from the third through sixth grade, the program costs 50 cents for the initial session and 25 cents for every swim thereafter.
The program will continue each Saturday through August, with two family night swim periods scheduled, the first Saturday from 7 to 8:30, and the second at the same time on Aug. 17. A participant in the neighborhood program may bring his entire family to the YMCA pool at a cost of \$1.

Prospective Boy Scouts and their fathers, all of Frohardt school PTA Club Pack 22, during a Webster Day tour of Camp Sunnen. Pictured preparing a "do it yourself" lunch are (left to right) Jon Tarpoff and his son, Kyle, Dick Duff and his son, Dick Jr., and Al Tarpoff and his son, Al Jr. Archery, rifle marksmanship, boating, canoeing and campcraft highlighted the event.

Insurance, league leader for most of the season, when Spengler dropped a 2-1 decision to the R & R outfit in the first game, and Credit Union blanked Madison Bowling Club on Jack James' two-hitter in the nightcap, 5-0.

All three teams stand at 6-2 presently, but Spengler gets the chance to move half a game ahead tonight when it plays Busch Truck Stop at 8:15 following a contest between Moose Club 272 and the Graniters. Rome & Roy's and the Credit Union are idle until next week.

Huff And Six Duel
Spengler scored first Tuesday night in a dandy pitching duel between Ray Huff and Leo Six, getting its lone counter in the top of the fourth on a walk, tainted hunt single by Bob Jones and Norm Hessler's two-out infield ace behind second base.

Huff allowed only one other hit, Don Crabtree's first inning single.
Rome & Roy's got the tying and winning runs across in the bottom half of the fourth and they, too, were of the doubtful variety.

Six, running into a bit of control trouble, walked the first two batters he faced in the frame, and Clayton Harrison followed with a double off the third base bag which sent the tying marker across and moved Wimp Wilson to third.

Wilson scored the decider on Harold Portell's high bouncer to third, which was relayed to Huff but was dropped by catcher Rudy Diak.
Six allowed just two hits, both of them by Harrison, who singled in the first.

Draper Drives In Two
The Classic League's James, who whiffed nine in his two-hit shut-out, was stalked to a three-run lead in the third when George Grove opened with a single, Glen Sprankle was plunked by losing pitcher Jerry Voloski, Dewey Madison drew a walk to load the bases and John Draper doubled two runs home. Lynn Cook chased the third run home with an infield bouncer.

At error on the Madison Bowling infield, following two walks and a fielder's choice, made it 4-0 Credit Union in the fourth. Grove led off the seventh with another single, and scored on the second ground out of the inning.

James did not allow a base-runner until the fifth, when an error at first allowed Ed McDuffie to reach. A follow-up single by Bob Krause was wasted, and MBS's only other hit was a leadoff single by Voloski in the sixth.

The Classic League standings:

| Team | W | L | Pct. |
|--------------------|---|---|------|
| Spengler Insurance | 6 | 2 | .750 |
| Rome & Roy | 6 | 2 | .750 |
| GC Credit Union | 6 | 2 | .750 |
| Moose Club 272 | 4 | 4 | .500 |
| Bay Rep | 2 | 5 | .286 |
| Madison Bowling | 2 | 6 | .250 |
| Graniters | 1 | 6 | .143 |

Mother-Daughter Scores
In mother and daughter league bowling Tuesday at Big Top in a summer program sponsored by the Granite City park district, the high rollers were Mrs. Hildred Koch 148, Mrs. Virginia Gowan and Fran Alessandrilli 140 and Sharon Koch 134.

Paddlers 4-0 After Swamping Visiting Town & Country

Faring not as well in diving even but very nearly sweeping the relay, the Paddlers, children's swim team gained its fourth straight dual meet victory in Southwestern Illinois Swimming Association competition here Tuesday by defeating Town & Country of Collinsville, 4-0.

The victory left Paddlers in sole possession of first place in the SWCA with one dual meet remaining. The final contest will be with Summer Sport of Alton at Paddlers pool tomorrow at 5:45 p.m.

Jim Dunn of Paddlers was a triple winner here Tuesday and, while Paddlers was blanked in three of four diving contests, the local club won all but one of six relay events staged.

Paddlers first place finishers were:
25-meter freestyle—Ann Bickhaus, Susan Lybarger and Jim Dunn.
50-meter freestyle—Kelly Hogan, John Evenden and Cookie Barker.
25-meter breast stroke—Mary Ellen Dunn, Mark Duffer and Linda Lybarger.

150-Lap Modified Championship Race Won By Spaulding; Hollis Is Second

Wib Spaulding of Pantolin Beach, who has blown every right and left during super-modified stock car competition this season, held his car together here Tuesday night to win a 150-lap mid-season national championship race at the Tri-City Speedway.

Spaulding, who is also racing midgets this summer, finished in front of Dave Hollis of Granite City, giving a local flavor to the longest race of the season at the track on Pantolin road.

Spaulding tuned up for the championship feature, similar to a race he won last summer at St. Charles, Mo., by copying the fourth heat race for modified cars.

Other modified heat winners were Chuck Taylor, Ralph Short and Gene Hanner. Taylor also won the semi-windup for the fastest qualifying cars.

Feature event winner in the "fender-bender" class was Clyde Lindeman. Russell Price was the winner of the fender class warmup.

Sports Jamboree Events To Begin One Hour Earlier

Competition in the swimming and track and field portions of the sectional Junior Sports Jamboree here Saturday will begin one hour earlier than the time listed in a story appearing on page 31 of today's issue.

Youngsters on teams from 21 communities which are entered in the jamboree, sponsored here by the Granite City Jaycees, are being asked to report at 8 a.m. either to the Granite City Engineer Depot pool or the athletic field at Granite City high school for registration. Competition will begin at 8:30 a.m.

Earlier plans called for the schedule to begin one hour later, but Jaycees today said the large number of events and entries necessitated changing the schedule.

Work Progressing On 100 Apartments For Senior Citizens

TAKING SHAPE AND FORM at eastern end of Edwards street is an elderly housing project. Foundation of multiple unit apartment in foreground, with electrical and plumbing connections complete, awaits pouring of a concrete floor.

Workmen in background include equipment operators, carpenters, electricians, ironworkers and concrete finishers. They are busy on other segments of the 100-apartment development.

SURPLUS SOIL from foundation excavations at elderly housing project here is loaded aboard dump trucks for use elsewhere on the site of 100 new apartment at eastern end of Edwards street. Foundations for some of the buildings

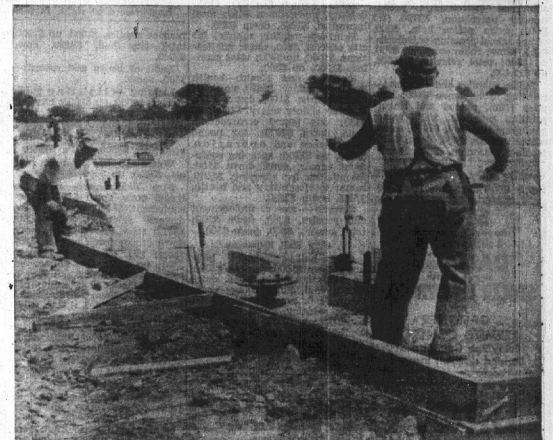

can be seen in left background. The low-rent public housing units, to be located in 18 buildings, are being built under the supervision of the Granite City Housing Authority.

SHAPING ELECTRICAL CONDUIT under a hot sun, electricians Lange Headen (left) and Lee McKinzie are members of a large labor force at work on the elderly housing project, a portion of which is visible behind them.

CEMENT FINISHERS work on local housing project for elderly, where pouring of concrete flooring continued this week. Most foundations already are in place.

CLEAR PLASTIC SHEETS which serve as moisture seal between crushed rock backfill and concrete flooring are put in place at site of 100 new apartment units being constructed for elderly individuals and couples by the Granite City Housing Authority a block east of Kirkpatrick Homes.

Farm Column

By THURMAN W. MAY
Madison County Farm Adviser

Probably 50 or more Madison county farmers have made major improvements in their hog houses, other equipment and feeding methods during the past couple of years.

Hog producers are showing a lot of interest in new hog buildings and equipment. The opportunities for easy feeding and better environment control in well-designed buildings have sparked this interest. Another recent development in hog feeding may result in another "plus" for confinement hog feeding operations. This development is limited feeding.

Work at the University of Illinois has shown that hogs limited to about 70% of a full feed from 100 pounds to market will require about 10% less feed to produce a pound of gain than hogs that are full-fed. There is also some reduction in backfat and improvement in yield of lean cuts. This work also indicates that the best way to limit the feed is to use a limited amount of a concentrated ration rather than to full-feed a bulky ration. It takes 10 days to two weeks longer to get a hog to market if he is limited-fed.

A few producers who are using a limited-feeding program are using home-made equipment to meter the feed. Some manufacturers of hog equipment are considering producing equipment designed for limited feeding. Although it is too early to have much farmer experience, results of limited feeding so far look good, states G. R. Carlisle, livestock extension specialist at the University. One man reports that he increased the proportion of No. 1 hogs from 40 to 90% when he went on limited feeding. Since he sells on a yield and grade basis, he has figures to support this improvement.

Civil Defense
When we hear the term "civil defense," we think of air raid wardens, sky watchers and bomb shelters. Civil defense is still mainly concerned with the welfare of the American people during and after an enemy attack. However, it also concerns itself with natural disasters, such as floods, fire, drought, hurricanes and tornadoes.

Every day, five or more U.S. families are hit by disaster. Civil defense, which operates with a small staff during peace time, is called in for help when the emergency becomes severe. Last spring, an ammonia nitrate explosion forced many East Peoria residents to leave their homes. The Texas tornado last fall and the more recent Cal-

ifornia fire destroyed homes, property and lives. The Red Cross and civil defense clothed and housed persons affected by these disasters.

The federal, state and local governments, and communities, families and individuals share the job of operating a disaster area. Civil defense advises that every citizen be prepared for unexpected emergencies. First-aid supplies, food and water, medical and dietary needs, bedding and cooking equipment are a few things people require every day. Civil defense also works with private businesses on problems of transportation and storage of surplus food and clothing. Hospitals and medical facilities also are being listed for emergency use. Arrangements for these items may be too late after a disaster.

New Variety Of Oats

A new variety of winter oats that has more winter-hardiness than the well-known Dubois variety is the Norline. It has yielded very well in the University of Illinois tests. Eldred Ruth harvested a field of Norline oats near Lebanon that made 95 bushels per acre.

Hot weather may mean thin-shelled eggs. Birds can't need so much energy then and therefore eat less. This means a lower calcium intake. It's a good idea to add calcium in the feed or supplementary calcium in oyster shell. If the thin-shell problem is due to the hens' ages, additional calcium may not help.

Excellent results controlling grass and weeds in soybeans with a new pre-emergence herbicide called Ambien is reported by Martin Arth of Edwardsville township.

To avoid blight, start cattle gradually on pastures that are no more than 50% legumes. However, do not turn cattle out if they are hungry, or during moist weather.

Packs Of Wild Dogs

Packs of wild dogs seem to be roaming the rural areas again, says Charles E. Krejci of Hamel township recently had 12 lambs killed by some dogs, apparently a wild pack. Hogs, calves and sheep are sometimes attacked by vicious dogs. Several years ago, a number of hogs in Ft. Russell township were killed.

Effect Of Heat

Hogs make most efficient gains when the temperature is about 65 degrees. If it gets to about 90 degrees, they will eat less and their feed conversion efficiency and daily gains will drop. Applying water to the floor or directly on the animals is an effective means of cooling them. If you plan to finish hogs this summer, check the possibility of putting in a sprinkling system. See that ventilators and crawl spaces in your hog houses are open. Many people close the crawl spaces during the winter and forget to open them. Air circulation in the crawl space keeps it dry and helps to control wet rot.

Don't forget to provide plenty of shade for finishing hogs

Sequoiacentennial Hats, Ties Available Here

Storewide hats, ties and ties, together with "brothers of the brush" buttons for those who join in a beard-growing contest, will be made available locally by the Granite City Jaycees prior to and during the celebration of the Madison county sequoiacentennial. It was announced during a Jaycee dinner meeting last night at Big Top Bowl.

The Jaycees will use proceeds from sale of the sequoiacentennial-related items for club projects. Al Barnes III, president, said.

The Jaycees also mapped plans last night for the staging here of a "Miss Majorette of Illinois" contest on Aug. 25.

Event chairman Morris Miles reported that the reigning "Miss Majorette," Karen Marie Jorgensen of Chicago, will be the official hostess, with twirling and strutting competition to be combined with a tea for contestants and a parade.

Paul Morris was named Jaycee of the month by fellow members.

Topographic Instrument Instruction Ends Here

The last topographic instrument repairman class to be conducted at Special Equipment Branch, Maintenance Division, Granite City Engineer Depot, has completed its training. It was announced today.

In addressing graduates who will be assigned to installations throughout the United States, Lt. Col. Paul E. Gardner, deputy commander, expressed regret that the Depot will no longer conduct the topographic instrument repairman and reproduction, equipment repairman courses.

Responsibility for conducting these courses, which formerly rested with the Technical Services, will be assigned to "CON-ARC" as a result of the overall reorganization of the Army.

The two courses which have been conducted at the local Depot have become the responsibility of the Engineer School, Fort Belvoir, Va.

Developed Locally
The reproduction equipment repair course program of instruction was prepared by GCEC, and the course itself was put into operation during the fall of 1954. In October 1957, the topographic instrument repair course

was assigned to Granite City simultaneously with transfer of the repair mission of topographic instruments from the Columbus, Ohio, General Depot.

Eighteen classes of students have been trained to support the maintenance program throughout the world in the fields of topographic instruments and reproduction equipment.

A. E. Copeland, chief, Special Equipment Branch, course director for both courses, remarked today on the many students, both American military and foreign nationals, who have been on the school's roster. He commented on the fact that he still hears occasionally from some of the first students of these courses.

Copeland feels that the transfer of missions will be a loss to the Depot; but under the new Army organization, many changes can be expected in both the maintenance and training fields.

Copeland expressed appreciation to the unit commanders and supporting military personnel for assistance given the Maintenance Division during past years in providing facilities and in adjusting to military needs of the soldier-students.

Man Loses Billfold

Morris Helman, 2630 Cleveland blvd., reported the loss of a billfold Wednesday night to police.

There was no money in the billfold but there were valuable personal papers and credit cards.

The loss occurred somewhere between St. Louis and Granite City.

The Jaycees will use proceeds from sale of the sequoiacentennial-related items for club projects. Al Barnes III, president, said.

The Jaycees also mapped plans last night for the staging here of a "Miss Majorette of Illinois" contest on Aug. 25.

Event chairman Morris Miles reported that the reigning "Miss Majorette," Karen Marie Jorgensen of Chicago, will be the official hostess, with twirling and strutting competition to be combined with a tea for contestants and a parade.

Asserts Strike Vote Violates Contract

The strike vote reported by Local 309, International Brotherhood of Electrical Workers "is in direct violation of our contract which calls for arbitration of all disputes," Carl Mathias, area manager, told the Press-Record today.

"The union's position that the contract expired on the anniversary date, July 1, is completely without precedent. For many years an agreement with the union has been that differences will be negotiated or arbitrated and that amendments become effective as of the anniversary date."

"We have been in negotiations with the union for about two months. We have made proposals on the union's demands and are ready and willing to continue negotiations at any time and are prepared to stay with them until settlement is reached."

The Press-Record erroneously quoted Mathias in Monday's issue as having said the contract with the union expired July 1.

Rites Here Tomorrow For Drowned Youth

Funeral services will be conducted at a Granite City funeral home tomorrow morning for George Franklin Richardson, 14, son of Mr. and Mrs. William W. Richardson of Glen Carbon, who drowned in the Ohio river near Granite City last Saturday. Members of the family are former Granite City residents.

Young Richardson was visiting his grandparents, Mr. and Mrs. Monroe Campbell of Mound City. He was swimming with three other boys when he apparently was overcome by cramps. His body was recovered 30 feet from shore.

In addition to his parents and grandparents, the youth is survived by five brothers, David, George, Michael, Billy and Dennis, and a sister, Marie.

A student at Edwardsville junior high school, he was a member of the Maryville Baptist Church. He was born at Dongola, Ill.

An obituary notice is given elsewhere in this issue.

Replacement Cost Factor In School Insurance Proposal

The Granite City board of education is continuing its study of an insurance plan for the school system which an agent says would give the public better replacement coverage for the money.

Leland Britt, a local insurance representative, submitted the plan on behalf of the American Motorists Insurance Co. of Chicago.

At present, the Granite City Insurance Exchange acts as "middle man" for school insurance.

Divided Equally The exchange is notified by the school district on what type of insurance coverage is desired, and the exchange divides up the business equally among its member companies.

The school buildings have several types of insurance coverage, and policies run for varying lengths of time. While the award of policies may appear disproportionate at any given time, the amount of business given each agency is the same over a period of time.

The system is hailed by some as keeping the awarding of policies out of politics; they say the state requires identical rates and bids.

Others do not look favorably upon the plan; they say the best rates are not being obtained.

Sees Savings Britt suggests that by having one company write the insurance, there would be a saving in handling and keeping of records now done by a large number of agencies with various premiums in the event of a loss.

There could be a number of adjusters to deal with, he notes.

Britt also points out that his plan would cut down on the bookkeeping and disbursement of premiums to various agents by the school district. He says his company would offer coverage on a full replacement cost, not on present value of the property.

He does not consider present coverage adequate to cover replacement, but the insurance exchange disagrees.

Exchange May Reply The school board is expected also to obtain the opinion of the exchange before taking action.

At present, the secretary of the exchange, Wesley Senf, is out of town and will not return until the end of this month.

Britt told the Press-Record this week that a qualified appraiser could put a replacement value on all school buildings and that complete replacement insurance should be carried. He said appraisals could be obtained from reliable companies which would keep the school district abreast of replacement values.

No depreciation would be figured in settling a claim, he related. Britt said he feels the district does not have adequate coverage at present and that any added cost to give more coverage would be offset by the 15 per cent dividend his company offers. This would amount to over \$2200 a year, he reports.

GC Girl Scout Will Arrive At National Roundup Today

Four Granite City Girl Scouts are among the 10,000 girls and 1700 administrators scheduled to begin arriving today at Button Bay, Vt. There, a two-week encampment is being staged to celebrate the 50th anniversary of founding of the Girl Scout movement.

The local delegates, who arrived in Chicago Tuesday and departed by special train yesterday, are Mrs. John J. Bradley, daughter of Mr. and Mrs. M. T. Bradley, 3101 Madison avenue; Cathy Parker, daughter of Mr. and Mrs. Herbert Parker, 2478 Waterman avenue; Mary Jane Zimmerman, daughter of Mr. and Mrs. John Zimmerman, 1501 Cottage avenue; and Margaret Ann Juhász, daughter of Mr. and Mrs. John Juhász, 2933 Madison avenue.

One of the six adults from the River Bluffs Girl Scout Council accompanying the delegates is Miss Dorothy Hines, council leader from Madison.

The Vermont gathering, known officially as the national jamboree, will attract 10,000 girls from Girl Scout troops in every state.

Girls will camp out in tents provided by the U. S. Army and their own cooking and cleaning.

4000 Attended 'Music Under Stars' Programs

Audiences totaling 1400 persons were on hand at Willow Park Monday and Tuesday night to see and hear final performances in the Granite City district's "Music Under the Stars" series of programs.

Soloists and the program chorus presented the folk opera, "Smoky Mountain," to an estimated 500 persons Monday night and 900 more Tuesday evening.

Warren G. Simpkins, director of the program since it was organized six years ago, estimated that total attendance at 15 five outdoor concert programs this summer was about 4000 persons, "by far the best crowds since we began the series."

Five programs this summer also were the most ever presented during a single season.

In addition to presentation of the opera to successive nights, the "Stars" program included "student night," which featured high school and college student vocal and instrumental soloists; a program by a Junior high school a chorus organized this spring; and another featuring the adult mixed chorus.

Candy As Energy Source Cited by Club Speaker

The historic role of candy and its food value were related by E. P. Dohmann, St. Louis, a representative of the Candy, Chocolate and Confectionery Institute, at yesterday's Madison Rotary meeting.

Dohmann told the club that there is growing awareness of the need for candy in the average diet as a tasty source of energy. This has led to use of candy to speed production; increase motorists' alertness; provide extra go-power to outdoor men and athletes; as an aid to the busy housewife; and to supply between-meals staying power needed by active youngsters, he said.

Total dollar sales of our country's selection of more than 2000 types of candy totaled over three billion pounds for a whole sale dollar volume of approximately \$1,231,859 in 1961.

Dohmann said, "Each American put away more than 17 pounds of candy during that year."

As a matter of fact, many diet authorities suggest candy as a part of the reducing plan," Dohmann reported. "By munching a bon bon—47 calories—after a meal, the desire for a dessert of much higher calorie content is eased and the physiological need for sweets is adequately filled."

High-energy value of candy has made it popular with soldiers since the days of Alexander. Dohmann said, adding that candy has been a standard item of the American military ration since world war I and that a report by nutritionists for the Air Research and Development Command indicated candy was one of the staple diet items now used in manned space voyages.

Although Zeppelink senior program chairman, the club voted to contribute \$75 toward cost of the Madison Rotary baseball league's summer program.

Return From Connecticut

Returning Monday evening from a seven-week visit with relatives in Old Greenwich, Conn., and Chicago were Mr. and Mrs. F. G. Stephens, 2917 Madison avenue.

Mr. and Mrs. Stephens left May 28 for Old Greenwich, where they attended the eighth grade graduation of their granddaughter, Carol Beth McMahon, 13, and stayed with Carol and her brothers, Stephen, eight, and Christopher, five, while their parents toured Europe. The Stephens' daughter, Gloria, is married to television and advertising consultant, H. W. McMahon.

The McMahan returned from Europe July 2 and Mr. and Mrs. Stephens left July 9 for Chicago, where they visited relatives of Mrs. Stephens.

While they were staying at Old Greenwich, Mrs. Stephens, 2510 Adams street, spent two weeks with them in June.

During the trip, Mrs. Stephens, who is a member of the McMahon in May, he gave 23 talks, including addresses in Hawaii, New Zealand, Hong Kong, Japan and Australia. After being joined by his wife for a tour of Europe, he served as chief of a 10-nation jury which selected winners of the International Film Festival in Venice, Italy.

While on the tour he explained a new communications research study which will be an aid in planning teaching films, international television and audio-work.

MARRIED IN CIVIL CEREMONY

Announcement is being made of the marriage July 14 of Mrs. Leah M. Jones, 1411 Twenty-first street, and Pernie E. Dickie, 2254 Adams street.

The civil ceremony was performed at 6 o'clock by Pastor of the Peace Harry E. Hartman. Witnesses were Mrs. Georgia Wargin of Madison, a daughter of the bride, and Mrs. Beulah Cochran of Granite City.

The couple is residing at the Adams street address. An open house was held there early this week for relatives and friends.

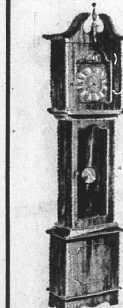

VISITS DAUGHTER

A Quad-City vacationist returning Tuesday was Mrs. Theresa Neagu, 1037 Washington avenue, Madison, who spent the past four weeks in California visiting her son-in-law and daughter, Mr. and Mrs. Joseph Devas, 111 Hayward, and Mr. and Mrs. John Krieshek, former Granite City, now residing in Antioch. Mrs. Devas will be remembered as the former Pat Neagu.

Pre-Wedding Shower Honors Miss Butler

Miss Carlene Butler, who will be married Saturday to Danny R. Hutchison, was complimented this week at one of the season's most delightful pre-wedding parties.

Her sister Miss Carolyn Butler, Mrs. Elma Roberts and Miss Sharon Little, who are to serve as maid of honor and bridesmaids at the wedding, entertained with a miscellaneous shower at the home of Mrs. Anthony Podnar, 1232 Grand avenue, Madison.

The gift table held a large pink silk umbrella, white and pink streamers and white wedding bells. Refreshments were served from an attractively appointed buffet table. Favors were miniature pink umbrellas.

The pink and white color scheme was carried out, with streamers and the wedding bells about the rooms. Preceding opening of the packages, games were enjoyed and many prizes were awarded.

Those present, besides the bride-elect, were Misses Barbara Dare, Mary Crause, Cindy Lester, Carol Zevaski, Kathy Galinski, Cheryl Rice, Marcia Walker and Karen Hordecky. Mesdames William C. Butler and Theo Hutchison, mothers of the bride and groom-to-be, and Mesdames Pat Townzen, Joe LaMacchia, R. D. Butler, Sue Kasek, Shellen, Raymond Butler, Bernard Gillham, Jeanette Ballard and Anthony Podnar, and the hostesses.

The wedding of Miss Butler and Mr. Hutchison will take place at Central Christian Church, 2020 Johnson road.

GIRLS TO MODEL AT ACHIEVEMENT NIGHT

The Sand-Prarie 4-H group made plans Tuesday afternoon at the home of the leader, Mrs. Paul Slaydhar, 2713 Washington avenue, to attend the "county achievement night" in Edwardsville.

On that night, the girls will model skirts which they have made in the last two weeks. A preview was held Tuesday afternoon at the regular meeting.

Ivy Humphrey led the group in pledging allegiance to the flag of the U. S. and Mary Wetzel led the pledge to the 4-H flag.

After final adjustments had been made on the skirts, games were played under the direction of Norma Throne. The co-hosts, Donna Slaydhar, served a light dessert course.

The next meeting will have Sharon Rouland in charge of games and Carol Ann Marti as co-hostess. The other members attending were Joanne Travis, Nancy Schmiedeke, Marcia Barnett and Carol Ann Bugg.

RETURN FROM WEST

Mrs. Christina Hoffman and son, Kent, 2674 Washington avenue, returned Tuesday from Albuquerque, N. M., where they spent the past fortnight visiting Mrs. Hoffman's brother-in-law and sister, Mr. and Mrs. George Martin.

HONOR GUESTS AT FAMILY PARTY

Mrs. Alfred Thomas, 1940 Johnson street, entertained guests at a family dinner party Monday evening honoring Mr. and Mrs. Edward Cox of Alton, who are en route to their new home in Manitou Springs, Colo. Mrs. Cox is the former Mrs. Ellen Thomas of Granite City.

Others present were Mr. and Mrs. Charles Hagan, Miss Debra Hagan, Melburn Wright, and Mr. and Mrs. Robert Thomas.

BREYERS RETURN

Mr. and Mrs. John B. Breyer, 2668 East 27th street, with their son, Michael, and daughter, Mary Ellen, have returned from a week's vacation in the Adirondacks, where they visited their eldest son and daughter-in-law, Mr. and Mrs. John E. Breyer.

While on the trip, they also toured the countryside and attended an exhibition dedicated to the work of the Institute of the Corning Glass Center in Corning, N. Y.

4 GCHS Students Will Attend Choral Clinic

Four Granite City high school students will leave Sunday morning for Champaign, where they will participate in a two-week choral music clinic which is a part of the Illinois Summer Youth Music Camp on the campus of the University of Illinois.

The camp will consist of full chorus rehearsals, sectional rehearsals, classes in music theory and madrigal rehearsals. It will be climaxed by a public concert Saturday evening, Aug. 4.

The four GCHS students will join 125 other students from Illinois high schools selected by choral directors to attend the camp.

They are baritone Howard Mason, No. 5 Queensbury Court, altos Carolyn Jenkins, 3153 Fehling road, and Marie Fyritzko, 3113 Ash avenue, and tenor Richard McKinney, 2812 Fortune drive.

State Capitol NEWS

The first hunting season of the year, squirrel season, will begin Aug. 1 and end Oct. 15 in the southern conservation zone, the Illinois Department of Conservation has announced. Squirrel season in the northern zone will be from Sept. 1 to Oct. 31, inclusive.

The daily bag limit is five, and the possession limit is five, except on the first day of the season, when the possession limit is five. Shooting hours are from sunrise until sunset every day of the season.

Counties in the southern conservation zone are Alexander, Bond, Calhoun, Clay, Clinton, Crawford, Edwards, Effingham, Fayette, Franklin, Gallatin, Hamilton, Hardin, Jackson, Jasper, Jersey, Jefferson, Johnson, Lawrence, Madison, Marion, Massac, Monroe, Perry, Pope, Pulaski, Randolph, Richland, St. Clair, Saline, Union, Wabash, Washington, Wayne, White and Williamson.

Beetle Quarantine
Approximately one-half of Illinois county has been placed under quarantine due to Japanese beetle infestation, Ralph S. Bradley, director of the Illinois Department of Agriculture, has announced.

All of the county lying east of Illinois Route 49 is affected by the quarantine order issued under provisions of the Illinois Insect Pest and Plant Disease Act. Violators will be prosecuted and fined under provisions of the act. The order, which will be in force through Oct. 15, provides that no nursery stock, plants, cut flowers, grains, vegetables, composts, manure, soil, sand, seed, farm machinery or other farming equipment can be moved from the quarantined area without a special permit from the Illinois Department of Agriculture.

Products and equipment to be moved from the infected area must be sprayed, fumigated or inspected by an Agriculture Department inspector before a permit for removal will be issued, Bradley said.

No Slanted Oil Wells

There have been no reports of directional drilling in Illinois for illicit purposes, W. J. Orlandi, director of the Illinois Department of Mines and Minerals, has announced.

Slanting of a well to pirate a neighbor's oil is not so economically sound in this state. Detection is easier in Illinois, and too close a supervision by the department's 23 oil well inspectors is maintained for directional drilling to be feasible.

In Texas, where evidence of oil well slanting has taken on the complexion of a state-wide scandal, wells are three to four times deeper than producing wells in Illinois. This factor alone deters would-be slanters here.

Insects Are Deadly
Venom from honeybees, bumblebees, wasps, yellow jackets and hornets is, drop for drop, just as potent to certain susceptible persons as deadly rattlesnake venom, says Dr. Franklin D. Yoder, director of the Illinois Department of Public Health.

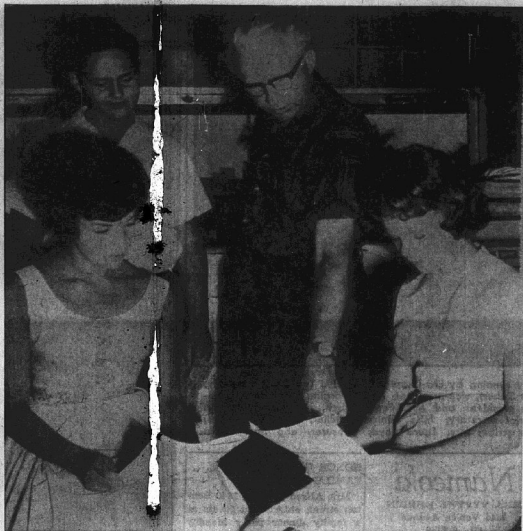

Authorities believe that stings by these insects kill more people in the United States than the feared rattler.

One prominent specialist suggests that some of the sudden deaths attributed to heart failure or heat prostration are in reality due to insect stings of susceptible individuals.

Control of spider mites, serious pests of evergreens, deciduous plants and perennials, may be gained by the use of sprays such as kelthane, armitol, dimite, ovatron or oves, according to William T. Larkin, superintendent of the Division of Plant Industry.

Larkin urged those using sprays to read container labels very carefully and make good use of directions.

Gov. Otto Kerner has approved the release of \$10,000 to the Department of Conservation. The money is to be used by the Division of Parks and Memorials for minor repair and repairs to roads of buildings, re-

MUSICAL SCORE gets once-over from three of four Granite City high school students who will attend two-week choral workshop at University of Illinois beginning Sunday. Seated are Marie Fyritzko (left) and Carolyn Jenkins. Richard McKinney (standing, left), looks on while GCHS vocal music instructor Warren Simpson, who will have charge of four sectional rehearsals of the camp, calls attention to a section of the sheet music. Fourth student who will attend from GCHS, Howard Mason, was not present.

Hearings in Venice

Three Fined During

Michael Sparks, 20, Box 37, Mitchell, was fined \$5 plus costs by Venice Police Magistrate Wesley Edwards Monday night on a charge of driving with an expired operator's license.

In another case, George T. Taylor, 53, East St. Louis, was fined \$5 and costs for being drunk and disorderly.

E. R. Frederick, 36, Wellston, Mo., was assessed \$30 in fines and costs on charges of disorderly conduct, carrying an open bottle of liquor and refusing to pay a cab driver.

Pairs of roads and bridges, repairs to electrical installations in buildings at various state parks.

Two Plead Innocent

Harry Thompson, 53, and Helen Appeney, 41, both of the 2000 block of Onas street, were released Monday on a \$100 property bond each upon pleading innocent to disorderly conduct charges in a complaint signed by Dorothy Kelech, Police Magistrate Gasparovic set July 24 for their hearings.

Forfeits Cash Bond

Ralph Griggs, 2131 Missouri avenue forfeited \$32 cash bail Monday. He had been arrested Sunday afternoon in Granite City for being drunk and creating a disturbance.

Farmers' Home Board In This Area Reorganized

Harold F. Kiepe, county supervisor for the Farmers Home Administration, announced today the combining of the Madison and St. Clair County FHA committees into one area committee consisting of the following committee: Robert A. Johnson, Route One, Dorsey, former member of Madison county committee; and William E. Bergmann, Union road, Caseyville, and Wilmer L. Schaller, Route One, New Athens, former members of the St. Clair county committee.

Arthur L. Trampe, Route One, Marine, and Elmer L. Reifschneider, Route One, Belleville, completed their three-year terms of service on the committees this year. A committee may not succeed himself.

Harvey Bender, Route One, Edwardsville, has voluntarily interrupted his three-year term of service as a Madison county committee member in order to permit the reorganization and will be reappointed at a later date.

Purpose of the committee is to review applications of farmers for loans from the Farmers Home Administration (FHA) to determine their eligibility, to certify the value of real estate offered as security for a loan, and to advise and assist the county supervisor in carrying out the FHA program.

Protestant Welfare Seeks Furniture

The Protestant Welfare Association needs donations of good used furniture, a spokesman for the agency said yesterday. The agency provides furniture in some cases as part of its emergency relief service.

The June caseload report given at a board meeting Tuesday at Niedringhaus Memorial Methodist Church shows the agency handled 36 cases involving 146 persons. It filled 37 relief orders totaling \$857 and made up 23 orders of clothes from the store-room, as well as filling needs for miscellaneous articles.

President Oliver Jacobmeyer was in charge of the business meeting and Rev. E. V. Campbell, associate minister of the host church, conducted devotions. Introduced to the board at the meeting were Rev. Frank Pierce, pastor of Nameoki Methodist Church, and Neal Kelo, a guest from the First Presbyterian Church.

County Democratic Committeewomen Meet

A monthly meeting of the Madison county Democratic committeewomen was held Tuesday at the Elks club, with approximately 65 present, including several county office holders.

A noon luncheon was served by Mrs. Bernadine Hagauer, chairlady of the local unit, and members of her committee. Mrs. Joseph Krause of Collinsville, county chairlady, presided.

Plans were made to attend Governor's Day at the Illinois State Fair in Springfield Aug. 16 and there were reports by the various committees.

The August meeting of the county organization will take place in Alton.

CLUB HOLDS ACHIEVEMENT PROGRAM

An achievement program was
held by the Tri-4 H Club Mon-
day at St. John United Church,
with Nancy Wittenborn, presi-
dent, in charge of the business
meeting. A letter was received
from Chief of Police Willard
thanking the club for coopera-
tion in promoting a Granite City
safety program.

Mrs. Raymond Tadlock an-
nounced arrangements for the
club to tour the Weleka Fabric
Co. in St. Louis Monday.
Clothing was modeled by Di-
ana Tadlock, Elaine Tadlock,
Judy Berylake, Nancy Witten-
born, Barbara Lerch, Dolores
Rader, Cynthia Tonsor, Claudia
Tonsor, Linda Kunz, Barry Mas-
sie, Linda Koser, Barbara Pi-
field, Sandra Carlyle, Deborah
Paulette, Linda Deem and San-
dra Kelly.

Demonstrations were given
by Denise Madrid, "Salads," and
Laura Masie, "How to Set a
Table."

The girls had attended a Trio
Home Bureau meeting and an-
nounced the clothing they had made
as a 4-H project. Barbara Piffeld
competed with girls from other
clubs with a demonstration on
"How to Tackle a Recipe" and
looked second place.

The girls will have their proj-
ects judged today and Friday in
Edwardville.

Entertainment was a short
play entitled "Those Wonderful
Years," also to be in competition
at the county fair.

ENTERTAINERS CLUB
The July Matrons' Club was
entertained in the home of Mrs.
Helen Thiele on St. Clair ave-
nue Tuesday.

Alderman Calls For City Dump Inspection, Cleanup

Citing conditions at the city dump, Alderman Arthur Wieser Monday night called for an inspection of the facility by city fire and health officials and a cleanup of the entire dump area. Reporting on the dump, Wieser said the city should clear and level the area, burning stacks of materials which are not needed for operation of the dump. He said he passes the site daily on his way to work and has observed stacks of lumber, trash and debris.

Wieser noted that the city took over the dump as of July 1, and said it is his impression that the only ones who have right there are Granite City residents who have trash to dump. He said buildings on the site being used for any other purposes should be cleared away and burned.

He suggested the dump be inspected to see if necessary fire hazards and unsanitary conditions exist. He told Mayor Davis, the matter was referred to the sanitation committee for further study. The committee is to report back to the council at a later meeting.

19th Street Paving Cost
Alderman Donald Partney urged reconsideration of a council failure to pay for additional work performed by the Sternberg construction firm in removing trolley rails and repaving 19th street. Partney said the firm has a legal claim for additional funds.

Engineer A. W. Pearson told the council he had erred in the specifications, but Mayor Leach and Davis said other bidders apparently had noted the need for extra thickness of concrete and had accordingly. The issue was referred by voice vote to the street and alley committee for further study.

Alderman Charles Meyer reported a water leak at 26th and Center streets, and the council gave its approval for removal of 30 feet of curbing at 23rd Madison avenue, where an addition is being built and a new driveway is being installed. The council recommended that the state highway division also be consulted on the driveway request.

29th St. Angle Parking
Angle parking was authorized on 29th street near Madison avenue at the request of the Clark grocery store. The vote was 12-2, with Alderman Partney and Paul Rutledge opposed and Alderman Schmitt and Nomm absent.

When City Attorney John Clifton reported that the city has lacked authority to authorize angle parking since a 1939 ordinance, he was asked to prepare an amendment of the ordinance. Also approved was a sign at the intersection.

Yates Says Pollution Of Water Must Be Overcome

10 Auto Crashes, 9 Persons Hurt

Nine persons were injured in ten Quad-City area traffic accidents this week.

McKinley Bridge Crash
An accident on the McKinley Bridge at 8:05 p.m. yesterday resulted in injuries to two St. Louis men, both of whom were treated at St. Elizabeth Hospital and released.

Police said an eastbound auto driven by John Peterson, 39, struck the guard rail after driving from the main span toward the toll booths. The car was towed from the scene. Chester Warren, 40, a passenger, was treated for abrasions and contusions to the forehead and neck. Peterson had lacerations to the chin.

Hurt In Clark Collision
Mrs. Valerie Evenden, 34, of 1724 Main avenue, was injured at 6:40 p.m. Monday. She was involved in a collision with a car driven by Wayne Kelly, 30, of 2806 Dogwood drive. Mrs. Evenden suffered a slight shoulder injury which required x-rays at St. Elizabeth Hospital.

The accident occurred in the 2200 block near the intersection of Main and McKinley avenues. Mrs. Evenden was driving north on Main when the collision occurred. There was extensive damage to the front and side of the Evenden car.

Mitchell Couple Injured
The couple, Mrs. Mitchell and her husband, were injured at 9 p.m. Monday in a collision with a car driven by an Alton bus at the intersection of Highway 111 and Bypass 66.

They were released from St. Elizabeth Hospital after spinal x-rays were taken. Richardson said he was making a left turn when the accident occurred. The bus was driving south on Highway 111.

Three Hurt In Crash
Three persons were injured at 2:30 p.m. Monday in a traffic accident at Lincoln avenue and 23rd street.

An arrest ticket was issued to Georgia Farlow, 17, of 2704 Lincoln for failing to yield the right-of-way and operating a motor vehicle without a driver's license. Police said her auto collided with another driven by Mrs. Gretchen Leumann, 21, of 4512 Edwardsville road.

Both drivers were injured. Mrs. Farlow was treated at St. Elizabeth Hospital for abrasions to the knees and contusions to the left side of her head. Mrs. Leumann was treated for abrasions to the right elbow. Dennis Crow, 16, of 2475 Center street, a passenger in Miss Farlow's auto, was treated for abrasions to both knees and a laceration to the right eye.

Fuel Oil Bids
Four bids were opened for the supply of fuel oil. The low bid of Shell Oil Co. was accepted at \$9.69 cents a gallon.

Three bids were received for the supply of coal. The low bid of Madison Coal & Feed Co. was accepted at \$11.73 a ton.

The board authorized the superintendent to enter into a contract with the Old Security Life Insurance Co. through John M. agent, of Bethel, for 1962-63 accident coverage. Pupils of the school for kindergarten through sixth grade and \$250 for seventh through twelfth grades, same as last year.

Extended coverage was approved to cover student, the teaching staff and office employees.

Tatyse Bread, National Biscuit or Schultze-Burch, Miller Provision Co., Ertree Food, John Sexton Co. and Switzer's Wholesale and Supply, Melville Fish Co., Viviano Co., Madison Coal & Feed or Union Coal & Feed, and Dresser-Young Dairy were named as suppliers for the school cafeteria.

In between the various appearances and receptions, there will be other short sightseeing trips and shopping tours. The Madison School Board also will hold a party for the group, following one of its performances.

Funds for the students' trip were raised through a \$6000 fund drive, a concert and many contributions. Parents, acting as chaperones are paying their own way.

Sidney Yates Illinois Democratic candidate for the U. S. Senate, said local group is today over-pollution of U. S. natural water supplies is an evil which must be overcome.

Speaking informally with Quad-City businessmen and area Democratic officials, Yates said the federal government is pushing anti-pollution measures. At the same time, he added, the government offers help in anti-pollution projects through watch-funds programs.

"Elimination of pollution is a tricky problem," Yates said. "We're losing our fresh water supplies. As our industrial complex grows, water pollution grows with it."

Yates, who will oppose incumbent Senator Everett McKinley Dirksen (R) in the November election, met with local citizens at the Elks club here yesterday afternoon. A letter to the Madison School Board was also sent from those present.

G. W. Hoelscher, mayor of East St. Louis, and the Association and chairman of the Citizens' Sewage and Lagoon Committee, asked if Yates is aware of the difficulties placed on communities by federal anti-pollution legislation.

Hoelscher said that if firms are forced to spend too much on anti-pollution measures, they may be forced out of the competitive market.

Health At Stake
"You are in a race," Yates replied. "We must at least stay even with our pollution problems as it gets worse as time goes by."

He said chlorination and other measures help, but cannot really do the job. Protection of drinking water supplies and public health are at stake, he added.

Speaking briefly on other matters, Yates said he believes transportation is one of the major problems facing urban areas of the nation. He said highways and bus lines alone will not solve the problems.

"You're not going to see total elimination of government from business affairs," he predicted.

Venice Road District
Material Bid Received
Midwest Blacktop Roads, Inc. of East St. Louis submitted a low bid of \$5.51 a ton for Venice district road materials Tuesday at the county highway office in Edwardsville.

Bids were opened on 119 tons of seal coat aggregate, furnished and spread. H. A. Kluge, county highway superintendent, said the only other bid received did not meet bid requirements.

No Payment Yet For School Bond
Payment for the Madison school treasurer's bond was not received by a monthly school board meeting Tuesday night because the bill has not yet been received.

The board has instructed Treasurer Raymond Kodzlek to see his own bid and fill the district, and school officials said they understand it has been furnished by the Madison Casualty Co. and Union Life Insurance Co. on a similar basis to past bonds for the township treasurer.

Details of the bond and premium have not been received. The program went into effect July 1, and the bond plan was agreed upon at the June meeting. It was learned.

In an initial report for the bond, the board listed a July 1 balance of \$85,041.

In other business, the school board approved payment of June salaries of \$30,749 and June salaries amounting to \$12,052.

The resignation of Mrs. Peggy Prior Stewart, third grade teacher at Blair school, was accepted. Mrs. Stewart was recently married and will be residing in Washington, D. C. Approval was granted for the hiring of a replacement teacher. Mrs. Alice McCurtis, if she is available.

Approval also was given for the hiring of Mrs. Louise Ypa of Madison to work part-time as a secretary in the office. Superintendent.

Fuel Oil Bids
Four bids were opened for the supply of fuel oil. The low bid of Shell Oil Co. was accepted at \$9.69 cents a gallon.

10 Thefts In Area This Week
Ten thefts of varying types were reported in the local community this week.

Robert Dufield, 2929 Lincoln avenue, reported the loss of a brown wallet containing \$10, a yellow wrist watch and a mechanical pencil early Wednesday morning. He missed the items after being asleep in his auto at 20th and Nash streets.

Liquor, Cash Taken
Mary's tavern at Pontoon road and Highway 111 was burglarized early Tuesday morning. Twelve bottles of whiskey and about \$10 in cash were stolen.

Entry was gained by breaking a window on the west side of the building, the owner, Mrs. Mary Boner, said. The tavern closed at 1 a.m. and opened again at 6:30 a.m., and the burglary took place between those hours, she related.

An unknown amount of change was stolen from a coin box Monday night or Tuesday morning at the Wash Bucket Laundry, 2608 Nameoki road. The candy machine is the property of the Optimists.

Rabbit Stolen
A white rabbit with a black spot in its forehead was stolen Monday from the home of William Legens, 2907 Harding boulevard, who related.

A tachometer was stolen from the auto of Lowell Travis, 2014 Bryan avenue, Monday as the vehicle was parked at his home.

Truck Tire Stolen
A spare tire and wheel were stolen Monday from a delivery truck owned by ABC Service Co. of Granite City. The vehicle was parked in the 2900 block of Idaho street. Another tire was cut by the thieves.

John Ingram, 2162 Grand avenue, reported to police Monday that two wheels and tires and only other bid received did not meet bid requirements.

His auto as it was parked at a repair shop at 23rd street and Nameoki road.

The Kurtz family, 2045 Thirteenth street, reported Wednesday morning that all the gasoline was stolen from the tank of their auto during the night while parked at their home.

Mrs. Stella Rushing, 2916 Nameoki road, lost a purse containing \$23 and personal papers Wednesday afternoon as she was riding on a Granite City bus. Her fender was missing.

She boarded the bus again on the next trip but the purse had disappeared. It contained valuable papers.

A green motorcycle at German manufacture was reported stolen Wednesday by Paul Connelly of the Engineer Depot. The vehicle disappeared from 1400 State street sometime between July 13 and Wednesday morning. It had an Iowa license and one fender was missing.

Reinstatement Denied In Case Against City

A petition to reinstate was denied yesterday in a suit filed by Harry Johnson, St. Louis, against the city of Granite City and B. E. Hohlt, Inc. The latter is accused of removing articles from a lot.

The case, involving property rights at 2250 Iowa street, was first called in September 1954. Hohlt was accused of towing away property of the defendant. Yesterday's dismissal was the fourth, the most recent being in March 1961.

The petition was presented, argued, considered and denied, court officials said.

Court costs were assessed against the plaintiff.

MRS. CLARA KING, Granite City, who died Tuesday at her home after a long illness.

GC Resident 58 Years, Mrs. Clara King, Dies

Mrs. Clara E. King, 74, died at 12:45 p.m. Tuesday at the home of her son-in-law and daughter, Mr. and Mrs. Jack Robertson, 2323 Washington avenue, Ill for one year, she had been under medical care.

Mrs. King, born in Canaan, Ind., had lived in Granite City 38 years. She held membership in Central Christian Church and was a past noble grand of Juana Robles Lodge 472.

She is survived by a daughter, Mrs. Jack (Mildred) Robertson, Granite City, a son, Elijah King, Granite City fire chief; two sisters, Mrs. George (Myrtle) Hammann and Mrs. Thomas (Hettie) Wise, Louisville, Ky.; a brother, Fillmore Lampkins, Uniontown, Ind.; three grandchildren, Richard King, Forest Hills, N. Y.; Donald Robertson, Granite City and Jack Robertson Jr., Denver, Colo.; and two great-grandchildren.

Further information is given in the obituary column.

Nameoki Twp. Location For Food Distribution

Surplus federal commodities will be distributed in Nameoki township at the township garage on Route 162 beginning July 31. Supervisor Harry Briggs announced at a town board meeting Tuesday night.

Distribution will be from 12:30 to 1:30 p.m. July 31 for residents of the township. Before Nameoki township had suitable facilities, the residents eligible for surplus food obtained it in Granite City, Venice and Collinsville townships.

Denies Using Public Stationery For Dinner

"Not a dime of taxpayers' money" has been used in connection with a Democratic fundraising dinner July 28 in Venice, Circuit Clerk Willard V. Portell said this morning.

A Springfield paper carried a charge that his office stationery was being used to mail invitations. Former President Harry S. Truman will speak at the dinner under sponsorship of the Madison and St. Clair Center Democratic Committees. Portell showed reporters cancelled checks and bills, accounting for expenses of the dinner.

Postage was purchased by check at the post office, while mail from courthouses offices is processed by a postage meter machine. At first, county Democratic committee stationery was used. Later, special stationery was printed for the dinner committee.

Portell said he does not use office stationery for personal correspondence and that he buys stamps for personal letters himself. The charge may have resulted from a misunderstanding by an attorney who received both an invitation and an official notice in the same day's mail, Portell said.

\$12,500 Damages Asked In Driveway Mishap

A suit filed in Circuit Court by Odis R. Busby asks \$12,500 damages from Elam and Perline Criles, Mitchell, for injuries allegedly suffered on their premises last Dec. 23.

Busby had gone to the Criles property at 617 Barclay to help drill a well for water. The complaint states that he lost his footing in deep, loose gravel on the driveway as he reached for a pair of gloves on the front seat of the Criles auto. He slipped, causing the closing car door to strike his right knee and leg. Busby charges negligence.

streets with sanitary sewers and both are in East Madison.

The engineering firm has been compiling data for some time and working on the preliminary plan to be forwarded with the application.

Apply Within A Month

Neil MacKay, project engineer, said the firm hopes to submit the application within a month. He would not hazard a guess on the amount of the loan to be applied for, however.

"We are not that far along with the plan yet," he said. "The plan will cover the whole township. It would be economically impossible to service some area with sewers at the present time because the area is too spread out, but we want to service as much as possible."

"Part of the data is a population growth prediction supported by current trends and other indications of future growth."

Selection Of Outlets

"We must take base maps of the area and spot houses, schools, businesses and such. We must figure how many gallons would be contributed to the sewers. Then we figure the size of the lateral lines and look for an outlet to a trunk sewer or treatment plant."

He pointed out that the water table is high and the ground flat, adding to the problem.

"The deeper we go, the more expensive it gets, so we must consider whether or not it is more economical to build lift stations," he said.

MacKay added that the more complete the plan, the better the chance of getting it approved by the federal government.

"We will give as complete a plan as possible," he said.

Surgery Patient

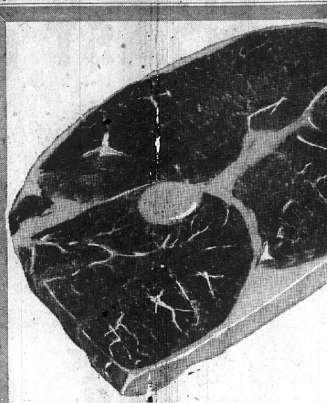

Mrs. Esther Richmond, 2810 Myrtle avenue, is recovering from major surgery she underwent at St. Elizabeth Hospital. She is still hospitalized.

Venice Township Road Hearing Friday Night

A public hearing will be held at 7:30 p.m. tomorrow at the Venice township office in Madison on the township's proposed \$32,818 road and bridge budget for 1962-63.

The total is an increase of \$4308. Also proposed is a 1962 tax levy of \$23,647, down \$137.

Set the pace—success seldom comes to the man who follows in the footsteps of his competitor.

Watermelon Bursting With Fully Ripened Flavor!

"Whopping-Big"

JUST TASTE A SLICE of this juicy, sweet, watermelon — you'll agree — it's the greatest! That's because our watermelons are left to laze on the vine until extra large and fully ripened. That blazing "ole man sun" makes them redder 'n' more juicy, and gives them that full sweet flavor, too! So come in and choose a large size watermelon for extra special weekend enjoyment! It's a sure-fire way to please your family!

C. of C. Honors Top Membership Drive Team

A dinner was held yesterday to honor the winning team in the Tri-Cities Chamber of Commerce membership drive just completed. Team captain was Walter M. Rozycki.

Charles L. Baker, C. of C. vice-president in charge of membership, presented Rozycki with an inscribed plaque in recognition of outstanding service. The Rozycki team secured 11 new members, six of them by Herman O. Schroeder.

Following the dinner at Tony's restaurant, the group attended the Cardinals-Cubs baseball game at Busch Stadium.

Present, in addition to Baker, Rozycki and Schroeder, were team members B. C. "Tip" O'Neill, E. Burt Simpson and Sam Rosch; C. of C. vice-president Irby V. Todd, M. Freeman Wolfe, treasurer, and Harlan Dobry, manager.

The members of the championship team, Robert Backs and Ronald Branding, were unable to attend.

Henry Ross Honored By Roca At Parents' Night

Henry Ross, local contractor and owner of the Big Top Bowl, was special guest of honor at a parents' night meeting of the Roca young men's organization Tuesday.

Honored for his service to the organization, Ross attended the meeting along with members' parents. A buffet style supper was served.

Two skits were given, one of a group of Roca pledges and another by other members. The club also presented a sample meeting for the guests.

The event was held in the Big Top Bowl 300 Room.

Land Owner Files Suit Against Railroad

A \$9500 suit has been filed in Madison County circuit court by Harry D. Deatherage against the Gulf, Mobile and Ohio Railroad, according to the complaint. Deatherage owns agricultural property along the GMAO right-of-way which has been damaged by railroad ballast and noxious weeds which spread from the right-of-way into the field.

Deatherage asks \$2500 actual and \$7000 punitive damages, as well as an injunction requiring the railroad to remove weeds from the right-of-way. The East St. Louis law firm of Korein and Murphy filed the suit.

Venice Tax Collection Passes \$1,150,000

Monday was the last day for Venice township residents to pay their real estate and personal property taxes locally, and Collector Frank Reidelberger reports collection through Monday of \$1,150,724.

The Monday figure was \$51,142 and Reidelberger expects to have a final figure on local collections by the end of this week.

HOME FROM CALIFORNIA
Mrs. Fay Little returned to her home, 1832 Fifth street, Sunday evening by jet after spending a three-week vacation visiting her son, Jack Little, and his wife and their daughters, Susan and Kimberly.

The Little family met Mrs. Little at Los Angeles in their family car and house trailer and went up the west coast, spending

nights in state parks and visiting points of interest along the way.
They spent time in Kent, Wash., visiting an uncle and aunt of Mrs. Jack Little, Mr. and Mrs. Walter Johnson. Time was spent in Seattle at the World's Fair and at Whittier Island, at Mount Rainier and in Canada.

The followed the inland route back to Graubara, Calif., home of the Jack Littles. Mrs. Little spends her summer vacation each year in California.

The Bethany Sunday school class of First Baptist Church met in the home of Mrs. Bernice

Whitten Monday evening. The meeting was presided over by Mrs. Gertrude McMurray and included singing of the class song, "Trust and Obey," the class motto, Scripture and prayer.

The devotional, "Match Your Handicap with Hope," was given by Mrs. Betty Barr. Roll call was responded to with favorite Scripture readings. A discussion was held in regard to a scrap book to be made up of class happenings and projects, with a historian to be named later. The closing prayer was by Mrs. Whitten.

Refreshments were served by the hostess, assisted by her

daughter, Mrs. Elva Jean Weiss, to Mrs. Betty Barr, Mrs. Ebel Stone, Mrs. Lorraine Shirley, Mrs. Hilda Jackson, Mrs. Gertrude Stein, Mrs. Gertrude Ashford, Mrs. Grace Hamilton, Mrs. Lucille Veatch, the class teacher, and Brian Weiss.

A covered dish supper was enjoyed Tuesday evening at 6:30 by members and guests of the Phoebe Sunday school class of the First Baptist Church. Those seated were Rev. and Mrs. Kenneth McDonald, Mr. and Mrs. W. S. Lee, Mr. and Mrs. George James, Mrs. Vesta Williams and son, Gene, Mr. and

Mrs. Herman Jones, Mrs. Jewell Ratliff, Mrs. Birtle Hobbs, Mrs. Ruth Hannebrink, Mrs. Edna Lively, Mrs. Lucy Bond, Mrs. Veda Bolla and Mrs. Dora Rash, a guest.

Mrs. Bolla, vice-president, was in charge of a short business meeting. Mrs. Williams read a Psalm for the devotional of the month. The next meeting will be held in the home of Mrs. Linda Cruise, 1330 Venice avenue.

The Theta Epsilon club met Tuesday evening in the home of Miss JoAnn Buche, 1122 Iowa street. A social time and short busi-

ness meeting were held prior to the serving of refreshments to Misses Judy Severine, Pat Star, Yvonne Yvondie, Donna Adams, Mrs. Marlene Graves, Valerie Jo Grayhawk, Mrs. JoAnn Smothers and daughter, Kimberly Lynn, Mrs. Sharon Finke and son, David Michael, Mrs. Paulette Fedorchak and Mrs. Nancy Dietrich and daughter, Kimberly Ann. The next meeting will be held in the home of Mrs. Linda Cruise, 1330 Venice avenue.

Great is the reward of self-sacrifice, though we may never receive it in this world.

Pump Station Renovation Bid Opening On July 30

The board of trustees of the East Side Levee & Sanitary District will open bids for renovation of a pumping station on the Harding ditch near Cahokia at a special meeting called for 7:30 p.m. Monday, July 30. Specifications call for replacement of two small pumps at the station.

Levee district Clerk Ben Day said this morning that trustees are still trying to arrange a meeting with East St. Louis city officials to discuss East St. Louis' role in pollution abatement.

Month's Public Aid \$324,504 In This County

Madison county residents received \$324,504 in public aid payments in May, the Illinois Public Aid Commission has announced. It was the third highest county total in the state.

A total of 7327 persons received aid in five categories—old age assistance, aid to dependent children, blind assistance, and general assistance. The Madison county total was surpassed only by Cook county's \$17,300,165 and St. Clair county's \$17,300,165.

Granite City PRESS-RECORD

Page 26 Thurs., July 19, 1962

\$1,269,265. Statewide, May assistance payments totaled \$25,950,503, a slight increase over the previous month's figure.

Greatest number of Madison county recipients was in the aid to dependent children category, under which \$166,063 was paid to 4604 persons. Old age assistance of \$88,432 was paid to 1144 recipients.

Other payments in the county totaled \$42,548 to 1447 general assistance recipients, \$22,559 to 291 persons receiving disability assistance, and \$4502 to 59 persons receiving blind assistance.

Peter W. Cahill, executive secretary of the aid commission, said the state's public aid rolls dropped in May for the second consecutive month. Assistance payments were made to 453,279 persons in the state, a decline of \$165 from April.

He said aid to dependent children payments continued to rise, mainly due to transfers from general assistance, but at a slowing pace. The recipient load for May totaled 277,204 persons, an increase of 1985 over the previous month.

Views Differ On Need For County School Counselor

The Madison county pilot guidance and counseling coordinating program, from which the Granite City school board has withheld approval for 1962-63 on a 3-3 vote, involves \$13,004 expenditures by the school districts in the county.

The program, inaugurated in county schools for the first time during the last school year, is designed to coordinate the guidance activities and counseling services among county schools through a program of workshops, conferences and group meetings. These are intended to upgrade professional guidance services and community understanding of them as an integral part of a sound education.

Will R. L. Trimpe, county superintendent, explains. Planned for the new year are in-service training for counselors, promotion of cooperation in testing information and uniform practices for handling pupil personnel, as well as evaluation of local guidance programs and liaison with state guidance personnel.

Proposed Financing
Of the \$13,004, Granite City, with a 10,875 average daily attendance, would pay \$4800, \$3300 of which the state would reimburse; Madison, with 2700 average daily attendance, would pay \$351; and Venice, with 82 average daily attendance, would pay \$108.

Average daily attendance and district cost for the other county districts, as set up on a tentative schedule follows: Roxana 3083, \$401; Triad, 1299, \$169; Livingston, 272, \$39; Highland 1332, \$177; Edwardsville, 402, \$523; Bethalto, 2975, \$387; Col. 3245, \$682; Alton, 10,091, \$4800, \$3300 of which the state would reimburse; East Alton elementary, 1537, \$188; East Alton-Wood River high school, 1144, \$149; Wood River elementary, 1405, \$183; and Wood River district, 275, \$38.

The proposed budget allotts \$9600 salary to the county coordinator of counseling services, Joseph Pukach; \$2800 secretarial salary; \$600 test-scoring machine rental; and \$4 miscellaneous.

The Granite City and Alton districts each would pay \$4900 toward Pukach's salary, and each would be reimbursed \$3300 by the state. All other bills, including the \$3404 secretary's salary and office expenses, would be paid through the Edwardsville district, reimbursed by the other districts.

In withholding permission to participate, Granite City school board members noted that the district already has an extensive guidance and counseling program.

The supervising committee set up by Trimpe consists of Superintendents Harold M. Kaiser of Granite City, Wensel L. Brown of Madison, A. Gordon Dodds of Edwardsville, A. Edson Smith of East Alton-Wood River high school and Clip W. Stratton of Highland.

The financing plan has been approved by the state guidance consultant, Dr. Robert Zella. Trimpe has reported, adding that the state services in Madison county have benefited in many areas, such as programs, workshops and research projects.

St. Mark's Annual Festival This Weekend

For a nominal fee, Venice residents will be given the opportunity to bid prominent persons in the face with a wet sponge. The sponge toss will be one of several attractions at the seventh annual bazaar of St. Mark's Catholic Church Friday, Saturday and Sunday.

Meals will be served those days at the church parish grounds, Sixth street and Broadway, Venice.

Fish and slaw will be served Friday from 2 p.m. to 8 p.m., with John Levy as chairman of the event.

A fried chicken dinner will be served from noon to 8 p.m. Sunday in the church basement. It will be an "all you can eat" affair, the chairman, Mrs. Mary Dixon, has announced.

There will be rides for children, refreshments and games.

Pfc. Ballentine Attends Korean Religious Retreat

Pfc. Harold W. Ballentine Jr., whose parents live at 1601 Third street, Madison, Ill., has attended a five-day religious retreat at the Eighth U. S. Army Religious Retreat Center near Seoul, Korea.

Purpose of the retreat is to provide the soldier with an opportunity to meditate and discuss religious matters with a chaplain of his faith.

A squad leader in the 22d Infantry's Co. E in Korea, Ballentine entered the Army in June 1960, completed basic training at Fort Riley, Kan., and went overseas in May 1961. The 20-year-old soldier attended Madison high school.

Mrs. Jones Circle Hostess

The Ruth O'Dell Circle of Calvary Baptist Church met Tuesday afternoon in the home of Mrs. Viola Jones, 4805 Warnock avenue.

Those present were Mrs. Edith Harris, Mrs. Lois Bradford, Mrs. Henry, Mrs. Thelma Phelps, Mrs. Ida Kullmer, Mrs. Esther Owens, Mrs. Margaret Michaels and three guests, Mrs. Mable Turnbull, Mrs. Bertha Eaton and Mrs. Lucinda Dickerson, the latter enrolled as a member.

The opening prayer was by Mrs. Jones. Mrs. Bradford, program chairman, read the Scripture lesson and led the program, in which all of the members took part.

The group will make favors for patients at the Madison county sanatorium, to be distributed at a later date, and a special missionary offering was taken.

A missionary study book will be taught next month, and the Aug. 7 meeting will be held in the home of Mrs. Harris, 2821 Edwards street. The meeting was closed with prayer by Mrs. Phelps, with refreshments served by the hostess.

SCREENS & STORM INSERTS REPAIRED, GRANITE CITY GLASS, 18TH & EDISON.

ENGAGED. Miss Ann Skundrich, a daughter of Mrs. Mary Skundrich, 1233 Washington avenue, Madison, whose betrothal to Major Joseph F. Schell, a son of Mr. and Mrs. Frank Schell, 1415 Seventh street, Madison, is announced. Plans are being made for an October wedding.

Dorcas Class Lists Projects

The July meeting of the Dorcas class of First Baptist Church was held Tuesday evening at the church, with Mrs. Imogene Claxton, president, in charge.

The opening prayer was offered by Mrs. R. B. Davis. After the devotion service by Mrs. Claxton, Mrs. Rose Mott presented the stewardship lesson. During the business hour, two projects were accepted by the class, the furnishing of paint for the church buildings and a love offering for one of the members.

The "teachers' thought" by Mrs. Ella Sigmis was "God's Immeasurable Love."

Plans were made for an outing and meeting in August at the Delahoye cottage above Alton. The affair will be a barbecue and "pot luck."

After adjourning with prayer, 47 members enjoyed refreshments served by the hostesses, Mrs. Ola Warren, Mrs. Marie Wray and Mrs. Beulah Harrigan.

Touring Religious Drama Group Here Sunday Evening

The Christian Players, a touring religious group, will present the 45-minute drama, "Out of the Darkness," at 7:30 p.m. Sunday in the air-conditioned auditorium of the First Assembly of God Church, 24th street and Grand avenue.

It will be held in the old church, and no admission will be charged. The public is invited to attend.

The drama group is composed of students from Southwestern Assemblies of God College, in Wapakoneta, Tex., and their chaperons. The tour is under the auspices of World-Wide Youth, a newly-formed organization for promoting and producing Christian youth evangelism through the mediums of radio, records, television and religious films.

World-Wide Youth is producing radio programs on several smaller networks at the present time and also has several recordings available. The Christian Players group is their first step in the direction of television and film evangelism.

ATTEND CONVENTION IN MILWAUKEE
Mrs. Rosalie Buente, Illinois state council president of a Sigma Alpha sorority, and Mrs. Joyce Albers, junior, past president of the local Beta Phi chapter, have returned from Milwaukee, Wis., where they attended the international convention, "Bavarian Holiday," in session there for four days.

Illinois was represented at the meeting by 30 members who attended assemblies and fulfilled their state obligations. Mrs. Buente acted as a workshop leader at the "presidential workshop" and as secretary during the general workshop assembly.

Talk By Truman Highlights County Fair Next Week

Former President Harry S. Truman is scheduled to visit the Madison county fair at Lindbergh park, Highland, Saturday, July 28, the same day he is to appear in Venice during the morning and again in the evening for a major address. He is expected to speak in the afternoon to one of the largest crowds ever to attend the Highland event.

The presence of Gov. Otto Kerner and other state dignitaries also is anticipated. The fair will be held from Tuesday, July 24, through July 28.

Fair entries are being received this week, and the entries for all departments except livestock and poultry will close Friday night. The livestock and poultry deadline is 5 p.m. Saturday.

Total cash prizes amount to \$32,745. There also will be trophies and trophies.

Advance requests for display space indicate that commercial exhibits will be numerous. Officials entered for competition are expected to exceed 1750.

Republicans will have their day on Friday, July 27, when Ray Page of Springfield, Republican candidate for state supreme, will speak in the arena. He will be accompanied by other Republican candidates and elected officials.

Many acts have been booked for grandstand shows in the 2000-seat arena.

On Monday night, a pre-1900s show will be featured. On Tuesday morning, there will be a Madison 4-H horse show. Also on Tuesday, and Wednesday, there will be a sky circuit, including helicopters, from which aerialists will perform.

An auto thrill show will be the attraction Thursday. It features sports cars, go-carts and motorcycles.

On Friday, there will be a light and western horse show which will include a world champion Cressdale eight-horse hitch, and Thomas's 1919 mule hitch and pony hitch.

On Saturday night, the arena schedule will close with a card of popular stock car races.

There is no admission charge to enter the fairgrounds.

Stomach Lavages, X-Ray Treatment For Children

Three children received stomach lavages Monday at St. Elizabeth Hospital and a fourth was x-rayed after a fall.

Mike, three, and Tony Vesel, five, sons of Mr. and Mrs. Anthony Vesel, 2575 Waterman avenue, received lavages at 12:30 p.m. after consuming an unknown quantity of aspirin.

Betty Jo Kohler, two, daughter of Mr. and Mrs. Ralph Kihler, 2017 Fifth street, East Madison, received a stomach lavage after she possibly swallowed a liquid antiseptic used for burns.

Edward Harmon, seven, son of Mr. and Mrs. Roy Harmon, 21 Briarcliff, received x-rays after falling while playing. He reported a pain in the left collarbone area. He was released after treatment.

Mitchell Kiwanis Attend Sports Day

Mitchell Kiwanis members completed plans at their Monday evening dinner meeting at Smith's Cafe to attend a district Sports Day at East St. Louis to day. A lieutenant governor for District 14 will be elected at the meeting.

An award dinner will be held in the club's decal sale. They will be notified in advance. Proceeds should be turned in as soon as possible, a club spokesman said. Ten members heard a report on progress of the boys' baseball program.

Record State Earnings On Fund Investments

Earnings of Illinois treasury funds during June 1962 totaled \$803,368, Francis S. Lorenz, state treasurer, reported today. The figure is the highest reached so far during the 10 months of Lorenz' administration.

It brought the average for the 10 months to \$735,645, highest average monthly earnings in the history of the treasurer's office. During June, the treasury funds earned \$275,421 interest on bank deposits and \$377,947 on securities investments. The total for 10 months is \$7,336,457.

"We are continuing our policy of putting treasury dollars to work as rapidly as possible, at maximum return consistent with safety and sufficient liquidity for prompt payment of state obligations," Lorenz said. GAS HEAT HEADQUARTERS, THIRTY-CITY HEATING, GL 2-2110.

Trustees Hope GC, East St. Louis Will Not Act

Future Big Spending By Levee District Appears To Hinge On Treatment Plants

It has long been said about local weather that the only thing certain about it is that it will change.

The future of the East Side Levee and Sanitary District also appears to be uncertain, but it is definite that "there'll be some changes made" after the close of the current year.

"The most uncertain element at present is the extent to which the district—one of the Quad-Cities' largest taxing bodies—will offer the field of sewage treatment."

Granite City, Illinois

Madison, Venice Agreeable
Madison and Venice city officials have given a tentative go-ahead to the district to construct pollution abatement facilities serving the two municipalities and the Landsdowne area of St. Clair County.

Other treatment plants within the district's boundaries also loom as a possibility, though some cities, including Granite City, have taken steps to build their own plants.

A meeting currently is being set up by the levee trustees in a renewed effort to persuade the city of East St. Louis to drop its plans for separate sewage treatment, it was announced last week.

Abatement of river pollution, receiving increasing emphasis from state and federal authorities, offers one avenue of escape from the spending limitations due to go into effect Dec. 31.

Public Vote Not Needed
Revenue bonds can be issued by the district, and fees collected from the areas served by sewage treatment, without public approval.

General obligation bonds, is-

used in profuse numbers by the district for many years, have been legal and official twenty on the basis of votes by the five-member board of trustees. Beginning in 1963, an election must be held before such added debt is authorized.

GO bonds are paid from property taxes; revenue bonds are retired with fees or receipts from the specific projects developed with the bond proceeds.

Political Aspect
With politics always closely intertwined in the affairs of the levee and sanitary system, the future uncertainties also include the issue of political control. Authority was wrested from the "old guard" political group in East St. Louis with the 1960 election, and a 1961 court ruling, but how permanent the current status will be is unknown.

Not coincidentally with the fact that the St. Clair County portion has a larger population than the Madison County portion of the levee district, the Quad-City area for years has been "short changed" in the proportion of board representation and in the proportion of tax money allocated for local improvements.

Lack of efficiency and economy also have rankled Quad-City residents.

Near Present Limit

While there is no 1962 requirement for a referendum on general obligation bond issues, spending must be conservative, comparatively speaking, because the district is near its limit of bonded indebtedness. Portions of the funds still available are being sought for repair of sewer breaks in Granite City and for storm water drainage ditch.

The schedule of bond retirements for the remainder of this year lists \$40,000 on Bond Issue No. 17 in July; \$75,000 on No. 20 in August; \$10,000 on No. 21 in November; and, in December, \$80,000 on No. 11, \$20,000 on No. 12, \$25,000 on No. 13, \$15,000 on No. 14, \$30,000 on No. 15 and \$5,000 on No. 16.

With the district's \$541,501,897 present assessed valuation, the 2 1/2% bonding authority permits present indebtedness of \$13,537,547.

\$37 Million Limit Next Year
Bonding power will rise to \$37 million effective Jan. 1, 1963, increasing to \$27,075,094 the total amount of debt which the district can incur.

However, since the referendum requirement then will be in effect and many residents of the district have been dissatisfied with the district's policies and procedures from time to time, free-spending eras of the past seems to have little chance of developing again.

A proposal passed overwhelmingly by the Illinois General Assembly last year but vetoed by Gov. Kerner would have raised the non-referendum bonding authority from 2 1/2% to 4 1/2% through Dec. 31, 1962, enabling the levee district to provide \$10 million of a \$16 million drainage program planned for Granite City.

GO Citizens' Program
With the veto, the drainage-pollution abatement program has been revised, and a \$10,000,000 proposal is to be submitted to Granite City voters Oct. 2. The program is based on recommendations of a Citizens' Committee following long study of local drainage needs.

The shift in levee district control occurred after the November 1960 election, when one opposition candidate won and then was joined by two other

Granite City PRESS-RECORD
Page 30 Thurs., July 19, 1962

trustees in an eventually successful attempt to gain control of the five-man tr-trice board. The two-member minority retained temporary and limited control with the aid of legal steps, waging a delaying action during the six-month 1961 legislative session at Springfield.

Altered By Amendment
However, a House bill requiring two of the five levee trustees to come from the minority county—all five currently live in St. Clair—was amended in the Illinois Senate to have the governor appoint sixth and seventh board members. The revised bill then failed to pass in the House.

The faction which had controlled the district and sought additional trustees through the amendment had supported the governor in his 1960 election victory. The political battle lost, the district experiencing a cessation of payless paydays due to the legal snarl, the litigants appeared to give up the fight in July 1961 and eased the court pressure that had hampered operation of the district.

Extension of bonding authority for the local program was

vetoed on July 21, 1961, and the East St. Louis city judge ruled six days later that at least three board members must be present to elect the board president; this ruling ended the attempt at two-man control.

Veto Prediction
Nothing has materialized from the 1961 veto prediction that "within a year," a U. S. Army Corps of Engineers study of the area would be completed, leading to a program that "should alleviate the water problems of all the communities in the area."

It was learned from the Corps of Engineers at the time that the study will be of no direct help to Granite City sewer construction.

The study relates to drainage by pumping stations or gravity outlets into the Mississippi River; local sewer progress will be referred to in the report to the extent of its effect on such outlets.

Here To Stay
What other developments that may affect the future of the levee district remain uncertain at this time, but it seems clear that the agency will be collecting taxes, and perhaps fees, in the Quad-City area for a long time to come, due to the numer-

ous bond issues still outstanding. Just as there is a saying about the weather and its uncertainty, there is a widely-known statement by Benjamin Franklin, made in 1784: "In this world, nothing is certain but death and taxes."

Tax payments for drainage, as mentioned, definitely are a part of the future outlook. There are some who predict the demise of the district as a major political power, but others feel that predictions of such a death may be premature.

With an eye on the issue of sewage treatment, levee officials are expected to devote great attention to the results of the October pollution-drainage hearing in this community. In the meantime, the political wooing proceeds in East St. Louis, where councilmen have agreed to meet with the levee board.

GC's Inter-City Clubs Square Off Against Division Leaders On Sunday

Granite City's Sacred Heart, only three games out of first place on the loss side but winner of six fewer than Moose Lodge 272 of East St. Louis, will get its second straight crack at the current Red division kings here Sunday afternoon.

Beaten 7-5 by the Moose here two weeks ago before the all-star game layoff, the Hearts get another chance Sunday at Wilson Park to become the first team to sidetrack Glen Gutjahr's boys—on the field Moose Club's one loss came by forfeit after the use of an ineligible player.

Maryville A. Cottender.

A victory by Paul Schuler's troupe would put the Hearts to within 3½ games of the leaders. Surprising (6-4) Maryville meanwhile will try to keep its slim lead over the Hearts in a game with Troy on the Red Sox diamond.

Mercer Funeral Home, which finds itself down in third place in the Blue division, will get another crack at first-place McAteer Glass, which Mercer trimmed here two weeks ago. The Glasmen will enjoy a home field Jones Park advantage this time, however.

Depending on what the Pocatontas Braves came up with Sunday, Mercer could step past McAteer into first place with a win. But the Braves, defending playoff champions, have closed fast in recent weeks and currently enjoy a first place tie with McAteer. Pocatontas meets week (1-11) Roxana Sunday.

Collinsville will play at Carpenter in the fifth game on Sunday's card which is the beginning of the second half of the season on paper, although 11 rain-out games from an opening segment remain to be played. Both Mercer and Sacred Heart

Nameoki Little League All-Star Team In First Playoff Game Here Tonight

Fourteen players have been selected as members of a Nameoki Little League all-star team which will meet its counterpart from Marion, Ill., at 6 o'clock tonight in the first phase of Little League playoffs which lead to the national championships.

The contest will be played at the Nameoki Little League diamond, Amos avenue and Johnson road, with the winning team advancing to a district tournament next week at Mount Carmel.

The Nameoki all-stars are managed by Marvin Wessell, who directs the Little Champions during the regular season. Paul Hopper of the Bobcats will act as coach of the all-star squad. The roster includes Gene Hudson, Ron Hopper and Mickey Kawula of the Bobcats; Ron Sheppard and Steve Harris of the Spotsmen; Chuck Wessell, Gary Reed and Terry Lybarger of the Champions; Teddy Hendricks and Richard Alvares of the Oilers; Mike Farrell and Lynn King of the Giants; and David

Alt-Wood, VFW Use Homers To Sink Opposition In Slow Pitch League

Alt-Wood Fuel assured itself of no worse than a tie for first place in the 35-Plus Slow Pitch Softball league Monday night at Wilson Park by downing Trust Bank 8-3 in the first of two league contests played.

Paced at the plate by Rufus Keiner, who hit two solo homers, drove in three runs and had a perfect 4-for-4 evening, Alt-Wood ran its unbeaten streak in the loop to eight straight games.

Second-place Club Delmar was blasted by VFW Post 1300 in the second game, 15-7, and fell four games off the pace to a 3-4 record.

Keiner's bases-empty homers in the second and sixth innings were two of the 16 hits Alt-Wood gleaned off losing pitcher Steve Hardesty.

Winner Paul Thompson shut out Trust Bank until the bottom of the seventh, and gave up seven hits overall. Alt-Wood had three runs in the fourth and seventh.

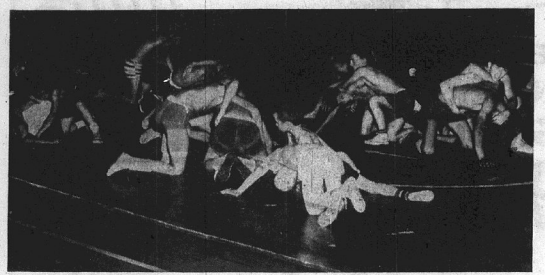

Big Inning For VFW
The Veterans batted around in the third inning, scoring seven runs. Three of them came around on Carl Harrison's out-of-the-park shot and, in the following inning, Chuck Schrieffer drove in two more with a home run off losing pitcher Ray Lowe.

Nick Petrillo, who hurled the first six innings for VFW, was the winner. John Ebbsinghaus finished up, Delmar scored in all but two innings, but could not match VFW's big third frame. VFW totaled 18 hits, and Club Delmar 11.

Sports Jamboree Sectionals Here

Swimming, Track Events Saturday At GCIS, Depot

Twenty-one communities plan to send competitors here Saturday for the sectional Junior Sports Jamboree, two segments of which will be held simultaneously at the Granite City high school athletic field and the Granite City Engineer Depot swimming pool.

The contestants in track, field and swimming events are the winners of local sports jamborees conducted during the past two months in their respective communities.

The Granite City sectional, one of five in the state featuring track and swimming competition combined, is sponsored by the

Granite City Jaycees and the Illinois Youth Commission as part of a program stressing physical fitness.

Winners To State Finals
Event winners here Saturday will become eligible to continue on to the state finals in Sterling on Aug. 24 and 25.

Jaycees staged local jamboree track and field eliminations here on May 26, and just last Saturday held a local swim meet to determine sectional contestants.

Thirty-five Granite City youngsters qualified for sectional track and field berths, and 31 won swimming events last Saturday at Paddlers pool to become eligible.

Competition in track and swimming Saturday will be divided into three age groups for girls and boys, midget (10-11), junior (12-13), and intermediate (14-15).

Water Skiing Really Simple--It Says Here

(Ninth of a series)

Almost anyone can learn to water ski—patternmakers, pawnbrokers and even presidents' wives.

Suggestions for beginners—

- assembled with the aid of national champions and other water skiing advisors—are given below.
- Dry land practice is the first step.
- Slip into the skis and adjust the heel bindings. Then, with the skis about six inches apart, sit down on them with the tow rope in your hands.
- Your arms should be around your knees and extended out in front of you.
- Practice Procedure
- Now, have someone grab the rope a few feet from the handle and steadily pull you up. This will give you the feel of what to expect. After doing it several times, you'll be ready to try it in the water.

But first, slip on a life jacket or a good ski belt.

Wade out into water about hip deep. Then crouch down and let the tips of the skis come out of the water while the other ends rest on the bottom.

Get hold of the tow line, making sure it is between the skis and completely out of the water. The tow boat driver should then take up the slack in the line. When you feel you have your balance, yell "hit it!"

Let Boat Do The Work

As the boat starts to pull you out of the water, remember your dry land practice. Let the tow boat do the work. As soon as you're on top of the water, stand up slowly.

From then on, it will just be a matter of practice. Before long, you'll be ready to try the single ski and other more difficult feats.

Most boats powered by a 18-horsepower or larger outboard motor will pull water skiers. A pair of water skis and a tow rope can be purchased quite reasonably.

Put them all together and you'll be all set to enjoy one of the world's most exciting sports—water skiing.

State Bar President Backs Proposed Court Amendment

Owen Rall, president of the Illinois State Bar Association, has called on attorneys in the Quad-Cities and elsewhere to work for passage of the proposed "Blue Ballot" judicial amendment in the Nov. 6 general election.

The amendment is a complete

revision and modernization of the Judicial Article (Article VII) of the Illinois State Constitution, which was adopted in 1870. It was approved by the 1961 state legislature by a two-thirds vote of each house.

The proposal will be presented to voters of the state on a separate blue ballot in the November election, with those marking the ballot to vote simply "Yes" or "No." If adopted, it will go into effect Jan. 1, 1964.

The amendment will be adopted only if it receives the approval of either a majority of all the voters casting ballots in the election or a two-thirds majority of those voting on the blue ballot.

Rall, in a letter to members of the state bar association, called the proposal "long overdue."

Political Independence
Rall said the tenure provision will give elected judges more independence from partisan politics.

ities, encourage good lawyers to run for judicial offices, free judges of political party campaign assessments and introduce the idea of non-partisan ballots for the retention of judges.

A second favorable point of the amendment, in Rall's view, is the unification of courts which would result. Such unification, he said, will eliminate jurisdictional problems, permit efficient utilization of both judicial and clerical manpower and stop rivalry between courts of concurrent jurisdiction.

"To a lesser extent statewide," the state bar official has informed the Press-Record, "but to a greater extent in Cook county, the unification of the courts is an absolute necessity if court congestion is to be attacked successfully."

Great Need Downstate
An independent appellate court elected in each district especially for appellate service "is a crying necessity downstate," Rall said. Such would be provided under the proposed judicial article.

Downstate appellate courts now are manned by circuit judges from other parts of the state.

As a fourth major factor in favor of the proposal, Rall said administrative direction and effective discipline would be made possible unification of the trial courts, establishment of independent appellate courts, the giving of administrative control of the court system to the Supreme Court, and by provision for a commission of judges which may retire, suspend or remove a judge for cause after notice and hearing.

Self-Discipline
"The new judicial article will give the judicial branch a tool for self-discipline which will be fair, adequately safeguarded and effective," Rall told the state bar members.

Two other provisions of the proposed amendment which Rall outlined in his support are the provision for judicial service by retired judges, and elimination of population inequalities between districts.

Under the article, retired judges could serve at the request of the Supreme Court. This, said Rall, opens up a pool of experienced manpower, under proper safeguards, and makes possible desirable service from experienced judges who are found able and willing to serve.

He said the provision also would encourage the enactment and enforcement of a retirement statute.

Population Factor
"Elimination of population inequalities is essential to a judicial department which is to have as much independent power as the judicial branch of the government," Rall said.

Under the present article, a single judge from the Seventh Supreme Court District (Cook county) is elected by more than half the population of the state, he noted. The amendment would give Cook county three of the seven Supreme Court judges.

"I am delighted with this Article," Rall wrote, "as comprising a substantial improvement over the 1938 draft, which received a favorable vote of 1,589,635 voters and failed of approval by only 65,783 votes out of a total of 2,645,158 votes cast."

Three Boys, 7-9, Admit Smashing 35 Windows

A seven-year-old boy and two nine-year-olds have admitted smashing 35 windows at Madison high school, July 13 and 14 because the noise "sounded good."

One boy's mother learned of the incident and contacted the mothers of the other two, Madison police said. All three then called the police.

In signed statements, the three boys said the first window was broken accidentally Friday afternoon while they were playing in the school yard. But they liked the noise, they said, so they broke some more. They returned Saturday evening and threw rocks through still more windows.

All three live outside the Madison city limits but in the school district and attend Madison schools, authorities said. They are to report to the Madison police youth officer.

State Data Enabling Cities To Compare Costs, Services

For the first time, detailed financial comparisons of Illinois municipalities are becoming available, as a result of the law requiring central filing of statistical data with the state.

While figures on any one city always have been available in its area, it never before has been feasible to group cities by size and compare the similarities and contrasts in what services they provide, how much they spend for each service, and where they get the money to pay for the services.

Commenting on material made available to the Press-Record, State Auditor of Public Accounts Michael J. Howlett notes that the summary of fiscal operations of incorporated municipalities "provides every interested citizen with an opportunity to compare expenses and revenue sources of his own city or village with what is being done in comparable cities elsewhere."

Aiding in preparation of the report were city officials, members of the Municipal Auditor's Advisory Board and other authorities in municipal finance. The advisory board includes C. J. Schlosser, certified public accountant with offices in Granite City and Alton.

For ease of comparison, Howlett has grouped the cities by population within three geographical areas.

Madison, Monroe and St. Clair make up Area II, and Cook, DuPage, Kane, Lake, McHenry and Will counties comprise Area I.

Fred T. Wilson, 87, will leave tomorrow for his home at Denver, Colo., after a ten-day visit with his son-in-law and daughter, Mr. and Mrs. Stuart, 2949 Center street.

Wilson was 14 when he watched the rush from the southern Kansas town of Kiowa, "people wanting to stake land lined up at noon, ready for the signal to go," he recalls. "They used all sort of conveyances—even bicycles. It made a terrific rumble."

Carry Homes On Wagons

"Those who wanted to stake out town lots went in on the railroad, already built through the territory. Others went in by wagon or anything else they could use."

"A few people even had partially-built homes on their wagons. Towns were built overnight. Some people slipped in beforehand, of course. They were called 'sooners' because they went in too soon. That's how Oklahoma got its nickname of 'Sooner State.'"

A few years later Wilson bought a 160-acre homestead in Woodward county, Okla., and finished "proving it up," or completing the legal requirements for ownership.

Sod Home, School

On the claim was a one-room schoolhouse, built in the side of a draw, where Wilson lived for a few years while farming the land.

At the same time, he taught one term of school near Freedom, Okla., also in a one-room school building.

Selling out and moving away a few years later, Wilson worked in an office, Kan., bank, as a county official, as an accountant and with a Wichita newspaper. He has been in Denver for about 15 years and is employed as a desk clerk at the YMCA.

The other 93 counties form Area III. Will counties comprise Area II.

The initial report deals with fiscal years ending in 1960.

GG, Alton of Similar Size

For purposes of comparison, Granite City's financial data can be matched against that of Alton, which had a population of 40,073 and an area of 7.24 square miles. Alton had a population of 43,047 and an area of 7.3 square miles.

Granite City had an assessed valuation of \$153,733,952 and a tax rate of 70.1 cents per \$100 of assessed value. The assessed valuation of Alton was \$100,936,348 and the rate was 75.7.

Total general revenue was \$1,447,350 in Granite City and \$1,886,422 in Alton. Grand total of revenue from all sources was \$1,609,672 in Granite City and \$1,987,777 in Alton.

Among the items of revenue were:

Granite City—municipal tax, \$904,509; sales tax, \$60,145; vehicle wheel tax, \$39,262; franchise tax, none; liquor and tavern licenses, \$19,025; \$19,400; fire insurance tax, none; motor fuel tax, \$84,533; sundry, \$180,376; parking, \$42,656; utilities, \$119,466; special assessments, none; and bond sales, none.

Alton—municipal tax, \$726,954; sales tax, \$280,850; vehicle wheel tax, \$68,131; franchise tax, \$48,133; tavern and liquor licenses, \$34,514; fines, \$61,106; fire insurance tax, \$10,714; motor fuel tax, \$191,334; sundry, \$654,656; parking, \$81,070; utilities, none; and special assessments, \$20,286.

City Expenses

Granite City police salaries totaled \$203,740 as compared to \$246,422 in Alton. Granite City employed 36 patrolmen to 43 in Alton.

Other expenses included:

Granite City—administrative salaries, \$426,198; street lighting, \$10,071; elections, \$347; plant property equipment, \$308,253; and sundry, \$236,583.

Alton—administrative salaries, \$464,372; street lighting, \$85,222; elections, \$817; plant property equipment, \$94,147; and sundry, \$422,627.

With Granite City listed first and Alton second, other expenses were: fire department, \$211,977; projects, \$64,476 and \$103,713; and \$272,785; motor fuel tax, \$116,399 and \$56,887; total general expenses, \$1,477,826 and \$1,746,952; plant and equipment, \$34,702 and \$103,713; parking facilities, \$43,156 and \$84,569; utility operation, \$22,001 and \$116,399; and interest, \$79,187 and \$64,786; total expenditures, \$1,556,672 and \$1,987,777.

Madison, Venice

Madison and Venice compared as follows:

Madison had a population of 6861 and an area of 2.23 square miles, compared to Venice's 5380 population and area of 2.5 square miles.

Madison had an assessed valuation of \$21,349,553 and a tax rate of 90.7 cents. The assessed valuation in Venice was \$47-

Venice second, other expenses were: fire department, \$19,632; and \$858; motor fuel tax projects, \$65,482 and \$87,848; other street construction and repairs, \$106,896 and \$10,777; total general expenditures, \$336,384 and \$468,619; garbage disposal, \$15,683 and \$36,500; bonds and interest, \$20,014 and \$10,600; sundry, \$58,676 and \$222,817; total expenditures, \$402,081 and \$516,169.

The wide differential in administrative salaries is due chiefly to the fact that Madison officials derive a portion of their pay from income from the city's Chain of Rocks Bridge, which is not reflected in this survey.

Population Picture Reveals Young, Growing Community

A portrait of a young, dynamic and fast-growing Quad-City community has emerged from a study of population and housing trends in the ten-year period of 1950 to 1960.

The newly-completed analysis of census information is part of a joint undertaking by the Health and Welfare Council of Metropolitan St. Louis, the Social Science Institute of Washington University and Southern Illinois University.

The report lists detailed information on each incorporated community and on unincorporated county areas.

Granite City's population in the most recent decade jumped from 29,465 to 40,073. The 10,607 growth represented a 36 per cent increase.

There were 12,709 dwelling units in 1960, of which 11,103 were sound, 1,339 deteriorated and 267 dilapidated.

Fewer Dilapidated Homes
The housing situation showed a great improvement on a percentage basis, however, during the 10-year period. In 1950, 9.9 per cent were dilapidated. In 1960, only 2.1 per cent had this classification.

Of the 12,709 housing units, 8894 were occupied by the owner, 3385 by renters and 430 were vacant.

Of the 40,073 residents of Granite City in 1960, the largest five-year age group, according to sex, was that of boys under five, with 2590. The smallest group among the productive population (under 65 years) was that of men from 60-64 inclusive with 633.

20,326 Married Persons
The male population over 14 years of age increased from 11,197 in 1950 to 13,340 in 1960. Of these, 2535 were single, 10,028 married, 34 separated, 377 widowed and 286 divorced.

The female population over 14 years of age increased from 11,187 to 13,990 in the same period. Of these, 1990 were single, 10,229 married, 175 separated, 1413 widowed and 381 divorced.

Considering the total population of 40,073, there were 4545 single persons over 14 years of age, 20,326 married people and 2459 widowed or divorced.

Madison Trends
The population of Madison dropped from 7963 in 1950 to 6881 in 1960, a loss of 13.8 per cent. Percentage-wise, more non-whites moved out than whites. The non-white population decreased from 1067 to 855, a loss of 19.9 per cent, while whites decreased from 6896 to 6026, or 12.9 per cent.

Housing improved to a marked degree during the 10-year period.

County Marriage Rate Increases—By One

Marriages performed in Madison county during the first six months of 1962 surpassed the same period last year by one.

Figures just released by the county clerk, Miss Eulalia Holz, show 921 ceremonies performed through the end of June this year compared to 920 in 1961.

Other figures in Miss Holz's six-month statistical report show a slight decrease in the number of county births, 2107 to last year's 2173. Sixty-five more boys and girls were born in the period just ended.

The 1962 deaths outnumbered the preceding year's figure by a significant number, 1130 to 993. During only one month this year—April—did the total fall below the number of deaths for the same month in 1961.

This year's initial six month statistics show June as the leading month for marriages with 155, and January as the leading month for both births and deaths. There were 414 births during the first month of the year, while 225 deaths were recorded.

The city had 2631 non-whites in 1960—a loss of 1207 people or 33.6 per cent of the white population.

The city had 2631 non-whites in 1960 compared to 2992 in 1950, a gain of 361 persons, or 13.7 per cent.

Housing Improved
Housing was a weak point in Venice, although a marked improvement was recorded over the 10-year period.

The 1960 census showed that of the 1572 housing units, 978 were sound, or 62.2 per cent. Of the remaining 594 units, comprising 37.8 per cent of the total, 184 were deteriorated and 210 were dilapidated.

In 1950, 32.5 per cent of the houses were dilapidated. In 1960, only 13.4 per cent were dilapidated and 68 divorced.

47% Occupied By Renters
Of the 1572 units in Venice in 1960, the owners occupied 49.6 per cent of them. Renters occupied 47.4 per cent and 3 per cent were vacant. There were more non-whites per unit than whites, while non-whites comprised 55.5 per cent of the population, they occupied 32.6 of the housing units.

Although the overall population dropped over 13 per cent during the 10-year period, the number of children under 15 years of age increased from 1901 to 2020.

Sometimes a drifter succeeds because he has the ability to shape the currents of life.

60-FOOT FLAG POLE erected at Granite city fire station, 2300 Madison avenue, is lowered into place by firemen Harry Hillman (left) and Robert Sanders as it is lowered into place by a power crane.

Honor Student

A Granite Cityman, David Walker, is among 172 Georgetown College students named to the college's B honor roll for the latest semester. It was reported today by Registrar J. Foley Snyder. Students must maintain a 2.0 average to be on the Georgetown, Ky., school's B honor list.

Main Granite City Fire Station Gets Flagpole

A flagpole has been installed at the main Granite City fire station, 2300 Madison avenue, after being donated by Rod Carriers and Building Laborers Local 387. When the local needed the space the flagpole occupied at the union hall, 1908 Missouri avenue, it offered the pole to Alderman Donald Partney for placement at the firehouse. He brought the proposal before the city council, which decided to seek bids on moving it. Fire Chief Elijah related, King contacted A. H. Seebold Jr., who offered to move and install it at no charge. Firemen painted the pole and repaired the pulleys.

Butler Chosen For Lead Role At Speech Institute

Robert O. Butler Jr., 3164 Aubrey avenue, is among more than 200 high school students—all in the upper 25% of their class—who are attending the National High School Institute in Speech, through Aug. 4. Recognition already has been accorded his dramatic skill.

Butler is the son of Mr. and Mrs. Robert O. Butler sr. The university's School of Speech supervises programs in drama, radio-television-film, debate and public speaking. The institute is conducted by regular university faculty, supplemented by a special staff of instructors selected for abilities in training students in speech fields. Butler has been chosen to play the lead in the institute's production of "Our Town," a play by Thornton Wilder. He also is a featured performer in a program given by the interpretation department.

Tree House Destroyed

For the second time in less than a week, Granite City police put a stop to the construction of a tree house on old cemetery grounds on East 25th street. Boys who were building a tree house were interrupted Monday by the policemen, who made them tear down what they had built and sent them on their way.

Brawley Wins Madison Teachers' Scholarship

Paul Brawley, son of Mr. and Mrs. Paul V. Brawley, 2036 1/2th Street, East Madison, has won the 1962 scholarship offered by the Madison Federation of Teachers Local 763.

He has been awarded the scholarship by the federation's scholarship committee for his "outstanding record of achievement in high school" and because he is now enrolled in Southern Illinois University, Carbondale, preparing himself for the teaching profession, today's announcement related.

He graduated at the top of his class and was a member of the band and chorus for four years, member of National Honor Society, co-editor of Trojan, the school paper, co-editor of the yearbook and president of the French club.

Brawley was student band director and drum major, candidate for the All-State Band and formed annually at the University of Illinois, a delegate to the Egyptian Music Camp, DuQuoin, Ill.

He was chosen to represent his school at Boys' State at Springfield, won the top boys' senior award, given by Alveta Post, 204 and played a piano concerto with his band in his senior year.

University Activities Secretary of the Sigma Phi Epsilon, a member of Eta Sigma, the German University Male Glee club and

PAUL BRAWLEY, winner of this year's scholarship from the Madison Federation of Teachers.

University Choir. Brawley has been on the dean's list five times. He was honored on Honor's Day in his freshman and sophomore year, and gave recitals in piano and French horn in the spring term.

He will graduate from SIU in August 1964. He plans to do his graduate work at Indiana University or at the University of Ohio. After this, he expects to enter the field of higher education professionally.

Dairy, Teamsters Plan Contract Negotiations

Negotiations are expected to begin soon on a new contract for the American College Testing program (ACT) test battery for potential college students will be held July 25 and 26 at the East St. Louis and Alton centers of Southern Illinois University.

William F. Banahan, supervisor of student affairs for the university's Alton center, reports that testing will begin at 8 a.m. on July 25 at East St. Louis, and at the same time the following day at Alton.

But, he said, persons planning on taking the tests—composed of English, mathematics, social studies and natural science subjects—must make an appointment for them no later than July 20 at student offices in either East St. Louis or Alton.

At that time, they will be given application forms, an informational letter and directions for reporting to the university center of their choice for the tests.

Persons having not already taken the tests but planning on becoming full-time students at an Illinois state-supported college or university this fall should take the battery of tests.

American College Testing is a requirement for registration at any of the state colleges or universities in Illinois.

Southern Illinois University uses the results for placement of students in certain mathematics and English courses, in the selection of students for scholarships and awards, and for counseling and advisement.

Noonday Optimists To Install Tonight

Recently-elected President Donald Farrington heads a slate of Noonday Optimist officers to be installed at a 7 o'clock dinner meeting tonight at Tony's restaurant, 3240 Nameoki road. A 6 o'clock social hour will precede the installation.

Other new club officers are: vice-president, B. C. "Tip" O'Neill; secretary, Ed Stone; treasurer, Fred W. Werner; sergeant-at-arms, Louis Paschoff; and directors, Carl Roach, Arthur Roseman and Herman Muehler.

Local Moose Delegates Attend District Meet

Attending an Illinois Moose Association meeting Monday evening at Collinsville were Granite Citymen William Milton Worthen, Moose Lodge 272 governor Harry Oberlin, District 10 membership chairman; Fred Frame, Lodge 272 secretary; and Wesley Dudley, District 10 publicity chairman.

Representing all district lodges were secretaries, governors and chairmen, who made reports on lodge activities. Tickets for the district's annual boat ride on the steamer Admiral, scheduled for Aug. 19, were distributed for sale. Members and friends are to be asked to participate.

Fred Price, deputy supreme governor of southern Illinois, gave a resume of a membership drive celebrating the Moosehart golden anniversary. Also present was Roy Hickman, supreme lodge auditor.

The next district meeting is scheduled for Aug. 13 at Edwardsville.
